REPORT OF THE BOARD OF SELECTMEN

To the Citizens of Cohasset:

Increasing demands upon town government continues to burden the Board of Selectmen with duties previously unheard of, at the local level. The Board convened in over sixty regular and special meetings of their own, as well as, attending numerous others with town boards, committees, employee bargaining groups and various regional, county and state gatherings of direct concern to the town. Needless to say, there were also countless hours spent on routine daily operations of departments under their control.

The Selectmen appointed By-Law Study Committee, has diligently continued its task of updating and codifying the By-Laws of the town. Some revisions were accepted by the last annual meeting but it has since been judged more appropriate to complete all revisions and submit a total package for acceptance, possibly at a special meeting.

The Growth Policy Committee appointed by the Selectmen in compliance with Chapter 807 of the Acts of 1975, completed its task and submitted its report to the Massachuestts Office of State Planning. The committee is to be commended for a job well done within the time schedule set forth.

A new modular type ambulance was acquired at reduced cost through a quantity purchase arrangement with the state. It is equipped with the latest life-saving devices and only awaits delivery of a radio before it will be certified for service. Responsibility for its operation has been transfered to the fire department with both fire and police personnel cooperating in manning it. Our Emergency Medical Technician (E.M.T.) training program has been expanded thus assuring that Cohasset will have one of the best emergency medical services in the area.

The town has continued to receive Federal Revenue Sharing funds. Funds received this year of $95,277.00 compared to $84,507.00 for the previous calendar year. As in the past, funds were applied in a manner which reduces the tax rate. The future of Revenue Sharing will be determined by the new administration. We trust that the concept continues as it has been a useful means of income which may not have been available to Cohasset, otherwise.

We have continued to benefit from both the Comprehensive Employment and Training Act (C.E.T.A.) and Youth Corps programs. Both the town and its participants have benefited from these programs which are 100 percent Federally funded. It appears, now, that they will continue at least through next year.

Several public works programs under the jurisdiction of the Selectmen were carried out during the past year. First, with the cooperation of the Highway and Tree & Park Departments and under the direction of the Government Island Committee, an expanded parking facility accommodating 50 vehicles was completed, greatly relieving congested conditions on the island. Next, a 10,000 gallon central gasoline storage facility was installed at the High School. This became necessary when suppliers served notice that extra charges would be made for deliveries to more than one location. The situation was further complicated with the introduction of nolead fuels. The new gasoline dispensers employ a ticketed record of sales to appropriate departments for accounting purposes. A turnaround, primarily for school busses, was constructed at the cul-de-sac at the Northwesterly termination of Doane Street. This too, was a joint effort between several departments. We are grateful to Police Chief Feola who donated the land to make the project

possible. Both the Highway and Tree & Park Departments did the work. Next, the tennis courts at Milliken Field were totally resurfaced and new fencing added in conjunction with the Recreation Committee. Lastly, the practice area of Milliken Field has been further improved and fences relocated. All the fill for the project, which was substantial, was delivered to the site at no cost from the various construction projects in the town.

The other members of the Board wish to take this opportunity to publicly congratulate fellow member Mary Jeanette Murray on her election to the General Court of the Commonwealth and to wish her well.

The entire Board extends its sincere appreciation to all Townspeople, officials, employees, boards, and committees for their cooperation and assistance during the past year.

Respectfully submitted,

REPORT OF THE SOUTH SHORE COMMUNITY ACTION COUNCIL INC. (SSCAC)

South Shore Community Action Council Inc. is a nonprofit, Federal, State, local and privately funded anti-poverty agency, operating through Federal mandate in the towns of Carver, Cohasset, Duxbury, Hanover, Hull, Kingston, Marshfield, Norwell, Pembroke, Plymouth, and Scituate. SSCAC provides social services, acts as liaison to State Social Services offices, functions as a clearing house of referral information, attempts to organize residents around relevant issues, and generally functions as an advocate for low income residents of the twelve (12) Town Council area.

The offices of SSCAC are located at 17 Court Street, Plymouth, Mass., and at 27 Brook St., Scituate, Mass. (545-9059); and for housing problems at 169 Summer St., Kingston, Mass. (585-3885). These offices plus increased personnel, brought in through the CETA Program and other State and Federal Services, has enabled the SSCAC to expand the level of services being provided.

Services provided to residents of Cohasset by the SSCAC include Affirmative Action, Alcoholic Family Rehabilitation, Elderly Assistance, Food Stamp Sales, Fuel Conservation Winterization, Fuel Energy Emergency, Head Start, Housing Development, Housing Problems, Legal Services, Manpower Placement and Development, Rental Assistance, Welfare Advocacy and Youth Counselling.

At a special election held on May 15, 1976 at the Community Center, Mrs. Marie McCarthy, 45 Old Pasture Road, was elected to serve on the SSCAC Board as Low Income Representative for the Town of Cohasset.

Respectfully submitted,

Alfred G. Odermatt

ARTICLE 4. (Inserted by the Board of Selectmen at the request of the Board of Water Commissioners, Alan S. Murphy, Jr.)

To see if the Town will vote to amend the Zoning By-Law of the Town of Cohasset adopted December 2, 1969, as heretofore amended by inserting after sub-paragraph E. of paragraph 5 of Section 1A Special Flood Plan and Watershed Protection District the following additional paragraphs 6 and 7 which shall provide as follows.

6. The creation, construction, alteration, enlargement, maintenance, and proper use of dams, reservoirs, water control structures, water treatment storage, pumping and transmission facilities together with appropriate incidental structures, offices, and buildings and works for public purposes and under the control of any Federal, State, or Municipal agency, all as may be permitted by general or special laws of the Commonwealth of Massachusetts and not withstanding the fact that any of the same may temporarily or permanently alter (1) the water level (2) the nature of flood storage capacity and (3) the natural flow of water within the district.

7. Public Parks and incidental recreation uses.

And to further amend said Section 1A by Striking sub-paragraph 1 of paragraph F Special Permit Requested and inserting in place thereof a new sub-paragraph 1 which shall read as follows:

(1) In a flood plain and watershed Protection Districts, no building or structure shall be constructed, used, erected, altered, or otherwise placed or moved for any purpose, and no land shall be filled, excavated or otherwise changed in grade, except as permitted by sub-paragraph 6 of E allowed Uses, or pursuant to a special permit therefore issued by the Board of Appeals as hereinafter provided."

And to further amend said Section 1A by striking sub-paragraph 2 of paragraph G Special Permit Uses and inserting in place thereof a new sub-paragraph 2 which shall read as follows;

(2) Public sewer facilities and public solid waste disposal areas (including structures incidental to said facilities and areas).

And to further amend said section 1A by striking sub-paragraph 4 of paragraph G Special Permit Uses and inserting in place thereof a new sub-paragraph 4 which shall read as follows:

(4) Dams, excavations, or changes in water courses to create ponds, pools, or private reservoirs for agriculture, fishing, wildlife, or recreational uses, drainage improvements and flood control, not otherwise permitted as a matter of right.

And to further amend said Zoning By-Law by deleting Paragraph F Protection of Natural Features of Section 4, Use Provisions, or act on anything relating thereto.

Motion by Allan S. Murphy, Jr.
Moved that the Town will vote to amend the Zoning By-Law of the Town of Cohasset adopted December 2, 1969, as heretofore amended by inserting after sub-paragraph E of paragraph 5 of Section 1A Special Flood Plain and Watershed Protection District the following additional paragraph 6 and 7 which shall provide as follows:

6. The creation, construction, alteration, enlargement, maintenance, and proper use of dams, reservoirs, water control structures, water treatment storage, pumping and transmission facilities together with appropriate incidental structures, offices, and buildings and works for public water supply purposes and under the control and management of any Federal, State or Municipal agency, all as may be permitted by general or special laws of the Commonwealth of Massachusetts and not withstanding the fact that any of the same may temporarily or permanently alter (1) the water level (2) the nature of flood storage capacity and (3) the natural flow of water within the district.

7. Public Parks and incidental recreation uses.

And to further amend said Section 1A by striking sub-paragraph 1 of paragraph F Special Permit Required and inserting in place thereof a new sub-paragraph 1 which shall read as follows:

(1) In a flood plain and watershed Protection District, no building or structure shall be constructed, used, erected, altered, or otherwise placed or moved for any purpose, and no land shall be filled, excavated, or otherwise changed in grade, except as permitted by sub-paragraph 6 of paragraph E Allowed Uses, or pursuant to a special permit therefore issued by the Board of Appeals as hereinafter provided."

And to further amend said Section 1A by striking sub-paragraph 2 of paragraph G Special Permit Uses and inserting in place thereof a new sub-paragraph 2 which shall read as follows:

(2) Public sewer facilities and public solid waste disposal areas (including structures incidental to said facilities and areas).

And to further amend said section 1A by striking sub-paragraph 4 of paragraph G Special Permit Uses and inserting in place thereof a new sub-paragraph 4 which shall read as follows:

And to further amend said Zoning By-Law by deleting Paragraph F Protection of Natural Features of Section 4, Use Provisions, or act on anything relating thereto.

Planning Board report by Mark E. Goodrich

Report to Town Meeting by the Planning Board Re Water Project.
Special Town Meeting Monday, January 19, 1976.

The following is presented conditionally, and if and only if the water project to be

presented tonight passes, the Planning Board will agree to the following:

The Planning Board is most sympathetic to the water problem in Cohasset. Our remarks are not addressed to the water project per se, but to changes in the zoning by-law proposed by the water project's sponsors. Further, these recommendations are based on the premise that the amendment to the zoning by-law, The Flood Plain and Watershed Protection District Amendment of the last town meeting is in effect. We discussed this with Charles Humphrey, who is associated with Town Council and who is the lawyer for the Water Department. He felt this was a safe assumtion. The Planning Board has reviewed and held a public hearing with regard to the amendment as required by law at the request of the Water Department. It was unfortunate that the Planning Board has to hold its mandatory hearing under such short notice and such complex conditions. It is the board's understanding that the proponents of the water supply project feel that if these proposed changes are not met, the project will be seriously impaired because of the deadlines present in the funding program. The recommendations which follow were made on the basis of three members of the Planning Board recommending we follow this course, one against and one abstaining. The person against this recommendation feels very strongly the informative process, the checks and balances that are inherent in a Board of Appeals hearing are too valuable to be compromised. We are all very sympathetic with this stand. The person abstaining further felt that these recommendations were too broad and left the Flood Plain and Watershed Protection District by-law too weakened. Because of the Town's serious need for water, we are compromising our best thoughts and desires as to how this by-law change could be made. We are doing this because of the time involved to make these changes in relation to the stated urgency on the part of the Water Department do not coincide. We, therefore, are making the following recommended changes to the proposed amendment to the zoning by-law as printed in the special town meeting warrant. This is a compromise in response to the changes proposed by the Water Department. Our recommendation is conditioned upon these changes being made. Our changes are to limit the scope of the proposed amendment to this particular project. In Paragraph Six it was strongly recommended by the minority on the board that at least the word Cohasset be inserted so it would read, "offices, buildings and works for Cohasset public water supply purposes. . . ." However, the majority of the Board approved this change without that being inserted.

1. Under P. 6, line 4, after the word "incidental", add the three words *public recreational uses.*

Under P. 6, line 5, after the word "public" add the two words *water supply.*

Under P. 6, line 6, after the word "control" add the two words *and management.*

Thus making P. 6 read as follows:
"6. the creation, construction, alteration, enlargement, maintenance, and proper use of dams, reservoirs, water control structures, water treatment storage, pumping and transmission facilities together with appropriate incidental public recreational uses, structures, offices and buildings and works for public water supply purposes and under the control and management of any Federal, State or municipal agency, all as may be permitted by general or special laws of the Commonwealth of Massachusetts and not withstanding the fact that any of the same may temporarily or permanently alter (1) the water level; (2) the nature of flood storage capacity; and (3) the natural flow of water within the district."

2. That Item 7 be stricken.

3. Assuming, and ONLY IF G of Section 1A of the Special Flood Plain and Watershed Protection District is in effect and will be in effect, will we agree to any zoning change which deletes F, Protection of Natural Features, which is in the Zoning By-Law adopted in 1969. It should be pointed out that this amendment to our by-law, Special Flood Plain and Watershed Protection District may not be in effect, because it may as yet have been approved by the Attorney General of the Commonwealth. We refer to this in our introductory remarks.

Further, the Planning Board wishes to go on notice that there is enough time with regard to the sewer plans and engineering that it expects and requests it be kept abreast by the Sewer Commissioners in their studies.

In that regard the Planning Board has requested and has scheduled a meeting with the Sewer Commissioners for 8:00 p.m. February 2. We are making a special point of this because we wish to avoid the last minute gun-to-the temple pressure tactic that was used in this instance.

We feel the public has a right to know and understand the type of facilities it is voting to pay for, and to use, and to live with in the future.

We hope that in the future other boards such as the Board of Water Commissioners and the Sewer Commissioners will respect and foster the attention of all interested citizens of this Town in their plans and programs in their formative stage.

Amendment by Mark Goodrich for the Planning Board.
Moved Under P. 6, line 4, after the word "incidental", add the three words *public recreational uses.*
That Item 7 be stricken.

Advisory Board recommends against the amendment.

Amendment defeated by a voice vote
Voted by a hand vote YES 258 — NO 16

ARTICLE 5. Inserted by the Board of Selectmen at the request of the Board of Water Commissioners, Alan S. Murphy, Jr., Chairman.

To see if the town will vote to raise and appropriate the additional sum of $1.2 million to supplement the appropriation of $2.5 million voted by the Town under Article 18 of the Annual Town Meeting held on March 4, 1972, as amended by Article 26 of the Annual Town Meeting held on March 3, 1973, so that a total of $3.7 million is appropriated for the creation, construction, and enlargement of dams, reservoirs, water control structures, water treatment, storage, pumping and transmission facilities, together with appropriate accessory structures and buildings including the original equipment therefore, and the acquisition of land in connection therewith, and to meet said supplemental appropriation, the Treasurer, with the approval of the Board of Selectmen, is authorized to borrow $994,000 in accordance with Chapter 1163 of the Acts of 1973 and/or Chapter 44 of the General Laws of Massachusetts, or any amendments thereto and all other authority therefore, and that the balance in the amount of $206,000 is to be advanced to the Water Department for this project by transferring the same from surplus revenue (Free Cash) with the stipulation that the use of this sum is restricted to that portion of the total project cost which exceeds $3,494,000. To the extent that the funds transferred herein are not expended as aforesaid, then the balance of such unexpended funds shall be transferred to

the Town's surplus revenue (Free Cash) account. Monies so advanced under this vote shall be repaid in accordance with Chapter 336 of the Acts of 1956 (an act relative to reimbursement by the Cohasset Water Department of certain monies paid on account by the Town of Cohasset); and further, that the Board of Water Commissioners is authorized to contract for and expend additional state and federal grants for the project provided that the total authorized borrowing for the project shall be reduced by the amount of any state or federal construction aid; and to pay for the additional cost resulting from this project, the Town of Cohasset Water Schedule hereinafter shown be put into effect as of July 1, 1976; and further, that the actions of the Board of Water Commissioners with respect to securing a perpetual easement in lieu of leasing certain lands of the reservoir site from the Commonwealth of Massachusetts and the execution of a Cooperative Management Agreement dated September 17, 1974, with the Commonwealth of Massachusetts and the taking of lands by eminent domain under an Order of Taking dated September 27, 1975, duly recorded with the Registry of Deeds, Norfolk County, together with all other actions taken by the Board of Water Commissioners in furthering of the foregoing project be hereby ratified and confirmed; and further, that Article 18 of the Annual Town Meeting held on March 4, 1972, as ammended, be in all other respects not hereby affected, ratified and confirmed, or act on anything relating thereto.

RESOLUTION BY ARTHUR CLARK

WHEREAS, the Great and General Court of the Commonwealth of Massachusetts enacted Chapter 1078 of the Acts of 1973, now General Law, Chapter 105E, relative to collective bargaining of public employees; and

WHEREAS, the public employees collective bargaining law became effective and binding upon our several municipalities on or about January 1, 1974, and

WHEREAS, our public employees colective bargaining law contains provisions for final and binding arbitration in the case of municipal police and firefighters; and

WHEREAS, said final and binding arbitration provisions do extreme jeopardy to the concept of home rule; and

WHEREAS, the condition of the economy of the Commonwelath of Massachusetts is in such depressed state; and

WHEREAS, the future of the economy of the Commonwealth of Massachusetts is in such an unstable and uncertain state as demonstrated by the enactment of the largest single tax increase in the history of this Commonwealth; and

WHEREAS, the home owner citizens of this Commonwealth have carried the burden of oppressive taxation in recent years and can no longer be expected to shoulder this burden on their own; and

WHEREAS, the financial condition of our several municipalities are in extremely depressed condition; and

WHEREAS, a number of our several municipalities are only marginally able to meet the payments of their municipal bonds; and

WHEREAS, the Great and General Court of this Commonwealth has enacted Section 8 of Chapter 1078 of the Acts of 1973 whereby final and binding arbitration proceedings for police and firefighters will terminate on June 30, 1977;

THEREFORE, be it resolved that the Town of Cohasset, by its Town Meeting, urge the Great and General Court of the Commonwealth of Massachusetts to terminate said provision without further extension.

RESOLUTION voted by a voice vote.

ARTICLE 21. To see if the Town will vote to strike Article 1 of the Town By-Law and substitute in place thereof the following:

ARTICLE 1.
GENERAL PROVISIONS

Section 1. These By-Laws shall be know as the "Code of By-Laws of the Town of Cohasset, 1977 Revision." So far as the provisions of these By-Laws are the same in effect as those previously existing, either as By-Laws or by vote of the Town, they shall be construed as a continuation of such By-Laws or votes. All other By-Laws and votes of the Town heretofore in force and inconsistent herewith are hereby repealed, provided, however, that this repeal shall not apply to or effect any By-Law or order heretofore adopted, accepting or adopting the provisions of any statute of the Commonwealth.

Section 2. In all these By-Laws the following words and expressions shall, unless inconsistent with manifest intent, be severally construed as follows:

(a) The words "Public Way" shall include any highway, town way, road, bridge, street, avenue, boulevard, roadway, parkway, lane, sidewalk or square dedicated to public use.

(b) The words "owner" or "occupant" of a building or land shall include any sole owner or occupant, and any joint tenant and tenant-in-common of the whole or of any part of the building or lot of land.

(c) Words purporting to give joint authority to three or more officers or persons, or to a Board or Committee, shall give authority to a majority of such Officers, persons, Board or Committee. The word "person" shall include corporations. Words implying the singular numbers shall apply to the plural number, and words implying the masculine gender shall apply to the feminine gender.

REPEAL, AMENDMENT, AND ENFORCEMENT OF THE BY-LAWS

Section 3. The repeal of a By-Law shall not receive any By-Law in force before or at the time when the By-Law repealed took effect. These By-Laws and the repeal of all By-Laws heretofore in force shall not affect any act done, any right accured, any penalty or liability incurred, or any suit, prosecution or proceeding, pending at the time when they take effect.

Section 4. Any and all By-Laws of the town except those relating to zoning may be repealed or amended, or other By-Laws may be adopted, by a majority vote at any Annual or Special Town Meeting provided an Article containing the subject matter of the proposed change has been inserted in the warrant for such meeting. A change in a zoning By-Law requires a two-thirds vote of the meeting.

Section 5. When a By-Law prohibits anything from being done without license or permission from a certain Officer, Board, or Commission such Officer, Board, or Commission shall have the power to license or permit such thing to be done unless otherwise provided by law.

Section 6. Whoever violates any By-Law of the town whereby any act or thing is enjoined, required, or prohibited shall, unless some other penalty is expressly provided by law, pay for each offense a fine not exceeding $100.00.

Section 7. Whoever shall refuse or neglect to obey any lawful order of any Town Officer or Board of Town Officers, issued under any of these By-Laws, directed to him and properly served upon him, shall, unless otherwise provided by law, pay for every such offense a fine not exceeding $100.00.

Section 8. Prosecutors for the breach of any of the provisions of these By-Laws shall be commenced within six months from the alleged breech.

Section 9. These By-Laws shall take effect from the date of their publication.

MOVED: That the Town vote to strike Article 1 of the Town By-Law and substitute in place thereof the following:

ARTICLE I
GENERAL PROVISIONS

Section 1. These By-Laws shall be known as the "Code of By-Laws of the Town of Cohasset, 1977 Revision." So far as the provisions of these By-Laws are the same in effect as those previously existing, either as By-Laws or by vote of the Town, they shall be construed as a continuation of such By-Laws or votes. All other By-Laws and votes of the Town heretofore in force and inconsistent herewith are hereby repealed, provided, how-

ever, that this repeal shall not apply to or affect any By-Law or order heretofore adopted, accepting or adopting the provisions of any statute of the Commonwealth.

Section 2. In all these By-Laws the following words and expressions shall, unless inconsistent with manifest intent, be severally construed as follows:

(a) The words "public way" shall include any highway, town way, road, bridge, street, avenue, boulevard, roadway, parkway, lane, sidewalk, or square dedicated to public use.

(b) The words "owner" or "occupant" of a building or land shall include any sole owner or occupant, and any joint tenant, tenant by the entirety and tenant-in-common of the whole or of any part of the building or lot of land.

(c) Words purporting to give joint authority to three or more officers or persons, or to a board or committee, shall give authority to a majority of such officers, persons, board or committee. The word "person" shall include corporations. Words implying the singular number shall apply to the plural number, and words implying the masculine gender shall apply to the feminine gender.

REPEAL, AMENDMENT, AND ENFORCEMENT OF THE BY-LAWS

Section 3. The repeal of the By-Law shall not revive any By-Law in force before or at the time when the By-Law repealed took effect. These By-Laws and the repeal of all By-Laws heretofore in force shall not affect any act done, any right accrued, any penalty or liability incured, or any suit, prosecution, or proceeding pending at the time when they take effect.

Section 4. Any and all By-Laws of the Town except those relating to zoning may be repealed or amended, or other By-Laws may be adopted, by a majority vote at any Annual or Special Town Meeting Provided an article containing the subject matter of the proposed change has been inserted in the warrant for such Meeting. A change in a zoning By-Law requires a two-thirds vote of the Meeting.

Section 5. When a By-Law prohibits anything from being done without license or permission from a certain officer, board, or commission, such officer, board, or commission shall have the power to license or permit such thing to be done unless otherwise provided by law.

Section 6. Whoever violates any By-Law of the Town whereby any act or thing is enjoined, required, or prohibited, shall, unless some other penalty is expressly provided by law, pay for each offense a fine not exceeding $100.00.

Section 7. Whoever shall refuse or neglect to obey any lawful order of any Town officer or board of Town officers, issued under any of these By-Laws, directed to him and properly served upon him, shall, unless otherwise provided by law, pay for every such offense a fine not exceeding $100.00.

Section 8. Prosecutions for the breach of any of the provisions of these By-Laws shall be commenced within six months from the alleged breach.

Section 9. These By-Laws shall take effect from the date of their publication.

VOTED by a voice vote.

ARTICLE 22. To see if the Town will vote to strike Article 2 of the Town By-Laws and substitute in place thereof the following:

ARTICLE II
TOWN MEETING

Section 1. Annual Town Meeting

(a) The Annual Town Meeting shall be held on the first Saturday in April in each year at 10:00 a.m. The Meeting for the election of those Town Officers who by law must be elected by ballot, and for determining such matters as by law must be decided by ballot, shall take place on the second Saturday in April; the polls shall be open at 8:00 A.M. and shall remain open until 6:00 P.M. or until such further time as the Meeting may vote.

(b) The Selectmen shall give notice of every Annual Town Meeting by causing a constable to post attested copies of the warrant for such Meeting at the Post Office in the Town, and in not less than five other public places in the Town, not less than seven days before the day appointed for such meetings.

In addition to such legal notification, the Selectmen shall cause to be left at each dwelling house or unit in the town a printed copy of the warrant for every Annual Town Meeting, at least five days before the time named in the warrant for holding said meeting.

(c) The Selectmen shall insert any article in the warrant for an Annual Town Meeting upon written request by ten or more registered voters of the Town. The names and addresses of the first ten registered voters requesting an insertion of an article shall be printed in the warrant immediately following the article involved. Such requests for insertion of an article in the Warrant must be received by the Selectmen at least sixty days before the specified time for the Annual Town Meeting.

Section 2. Special Town Meeting

(a) The Selectmen may call a Special Town Meeting to consider any matter which in their opinion requires action prior to the next Annual Town Meeting.

The Selectmen shall call a Special Town Meeting upon written request of 200 registered voters of the Town, the Meeting to be held not later than 45 days after the receipt of such a request. The selectmen shall, moreover, insert in the warrant for the Special Town Meeting all subjects the insertion of which is requested in the petition of the voters. No action shall be valid unless the subject matter thereof is contained in the warrant.

(b) The Selectmen shall give notice for every Special Town Meeting by causing a Constable to post attested copies of the warrant as specified in Section 1 (b) and in addition thereto a copy of the warrant printed in some convenient form shall be sent by mail to each legal voter of the Town, at least five days before the day appointed for said Meeting.

(c) The Selectmen shall insert any article in the warrant for a Special Town meeting upon written request by 100 registered voters of the Town. Such a request for the insertion of an article in the warrant must be received by the

Selectmen within seven days after the call for the Special Town Meeting.

Section 3. Copies of all articles in the warrant for Annual or Special Town Meetings shall immediately be forwarded by the Selectmen to the Advisory Committee for their consideration. The Advisory Committee shall have the right to request the Selectmen to insert articles in the warrant until 20 days before the Annual Town Meeting.

Section 4. Two hundred registered voters shall constitute a quorum for the transaction of business at a Town Meeting, except that a motion to adjourn shall not require a quorum. No vote including but not limited to one concerning the expenditure or appropriation of any sum of money shall be held to be invalid for lack of the required quorum unless it appears from records of the Town Clerk of the Meeting that before the matter was put to a vote, the presence of a quorum was duly questioned and found to be lacking.

Rules for Government of Town Meetings

Section 5. The Moderator, while occupying the chair, shall not participate in any discussion before the Meeting.

Section 6. Town Meetings are open, and participation is limited to registered voters of the Town, provided, however, that other persons may address the Meeting with its unanimous consent.

Section 7. Every person speaking upon a subject in any Meeting shall confine his remarks to the question before the Meeting, avoid personalities, and be seated when he has finished. Any person who is employed by another person regarding any matter under discussion at a Meeting shall disclose the fact of his employment before speaking thereon.

Section 8. Every person desiring to speak shall rise, address the chair, and on obtaining recognition, shall state his name and stand while speaking unless the Moderator otherwise directs.

Section 9. No person shall speak on any subject a second time for more than five minutes unless the Meeting permits him to do so.

Section 10. No person shall speak more than twice upon any question, except to correct an error or make an explanation, without first obtaining the permission of the Meeting, and not until others who have not spoken upon the question shall speak if they so desire.

Section 11. When a question is to be voted on for which only a majority vote is required, the decision of the meeting shall be determined by the voices of the voters, and the Moderator shall properly announce the vote as it appears to him by the sound. If the Moderator is unable to determine the vote by the sound of the voices, or if his announcement is thereupon doubted by seven or more voters rising in their places for the purpose, the Moderator shall without debate determine the vote (i) hand vote, for which he may appoint tellers to make and report the count, or (ii) by ordering a poll by ballot of the Meeting.

Section 12. If after debate, the Meeting so orders, or if, upon recommendation of the Advisory Committee the Moderator so orders (subject to appeal as provided in Section 16 of this Article), the vote on any motion shall be taken in one of three ways:

(i) by a hand vote,

(ii) by a poll with the use of a check list, or
(iii) by a "yes" or "no" ballot with the use of a check list.

Section 13. When th Moderator rules that a motion is readily susceptible of division, and either the Moderator deems it advisable or seven voters present so request, the motion shall be divided, and the vote upon each part be taken separatly.

Section 14. When a question is under debate, these motions shall be received:

to adjourn to a fixed time;

to lay on the table;

to stop debate ("previous question");

to postpone to a certain time;

to commit; or

to amend,

and these motions shall have precedents in the order stated. The first three shall be decided without debate, and the latter three may be debated. Motions to lay on the table or to stop debate require at least two-thirds vote. When proposed amendments involve amounts, if to purchase, the smallest amount, or, if to sell, the largest amount, shall be put to a vote first when proposed amendments involve dates, the shortest time shall be put to a vote first.

Section 15. A motion to reconsider any vote may be made during the session at which the vote was taken. A motion to reconsider may be made at an adjourned session of the Meeting only if the mover of this motion has given notice at the session of the Meeting which the vote was taken, of his intention to make such motion at an adjourned session. There can be no reconsideration of a vote once it has been considered or after a vote not to reconsider it. A motion to reconsider any vote must be made before the final dissolution of the Meeting during which the vote was taken.

Nothing contained in this Section, however, shall prevent or be construed as preventing the reintroduction of any matter in an article of the warrant for any subsequent Town Meeting.

Section 16. Any voter may appeal from the decision of the Moderator, and when his appeal is properly seconded by seven or more voters, no other business, except a motion to adjourn to a fixed time or to lay on the table, shall be in order until the question of appeal has been decided. The appeal shall be decided without debate and by a hand vote. If there is a tie vote, the Moderator decision stands.

Section 17. The duties of the Moderator and the Government of the Town Meeting, not specifically provided for by law or in Article 2 of the By-laws of the Town shall be determined by the rules of practice recommended in *Town Meeting Time: Practical Handbook of Parlimentary Procedure* (Johnson, Trustman, & Wadsworth, 1960), so far as they are appropriate for the conditions and powers of the Town.

MOVED: That the Town vote to strike Article 2 of the Town By-Laws and substitute in place thereof the following:

ARTICLE II

Town Meeting

Section 1. Annual Town Meeting

(a) The Annual Town Meeting shall be held on the first Saturday in April in each year at 10:00 A.M. The Meeting for the election of those Town officers who by law must be elected by ballot, and for determining such matters as by law must be decided by ballot, shall take place on the second Saturday in April; the polls shall be open at 8:00 A.M. and shall remain open until 6:00 P.M. or until such further time as the Meeting may vote.

In addition to such legal notification, the Selectmen shall cause to be left at each dwelling house or unit in the town a printed copy of the warrant for every Annual Town Meeting, at least five days before the time named in the warrant for holding said Meeting.

(c) The Selectmen shall insert any article in the warrant for an Annual Town Meeting upon written request by ten or more registered voters of the Town. The names and addresses of the first ten registered voters requesting insertion of an article shall be printed in the warrant immediatley following the article involved. Such requests for insertion of an article in the warrant must be received by the Selectmen at least sixty days before the specified time for the Annual Town Meeting.

Section 2. Special Town Meeting

(a) The Selectmen may call a Special Town Meeting to consider any matter which in their opinion requires action prior to the next Annual Town Meeting.

The Selectmen shall call a Special Town Meeting upon written request of 200 registered voters of the Town, the Meeting to be held not later than 45 days after the receipt of such a request. The Selectmen shall, moreover, insert in the warrant for the Special Town Meeting all subjects the insertion of which is requested in the petition of the voters. No action shall be valid unless the subject matter thereof is contained in the warrant.

(b) The Selectmen shall give notice of every Special Town Meeting by causing a Constable to post attested copies of the warrant as specified in Section 1(b), and in addition thereto a copy of the warrant printed in some convenient form shall be sent by mail to each registered voter of the Town, at least five days before the day appointed for said Meeting.

(c) The Selectmen shall insert any article in the warrant for a special town Meeting upon written request by 100 registered voters of the Town. The names and addresses of the first ten registered voters requesting insertion of an article shall be printed in the warrant immediately following the article involved. Such a request for insertion of an article in the warrant

must be received by the Selectmen within seven days after the call for the Special Town Meeting.

Section 3. Copies of all articles in the warrant for Annual or Special Town Meetings shall immediately be forwarded by the Selectmen to the Advisory Committee for their consideration. The Advisory Committee shall have the right to request the Selectmen to insert articles in the warrant until 20 days before the Annual Town Meeting.

Section 4. Two hundred registered voters shall constitute a quorum for the transaction of business at a Town Meeting, except that a motion to adjourn shall not require a quorum. No vote, including but not limited to one concerning the exependiture or appropriation of any sum of money, shall be held to be invalid for lack of the required quorum unless it appears from the records of the Town Clerk of the Meeting that before the result of such vote was declared the presence of a quorum was duly questioned and found to be lacking.

Rules for Government of Town Meetings

Section 5. The Moderator, while occupying the chair, shall not participate in any discussion before the Meeting.

Section 6. Town Meetings are open, and participation is limited to registered voters of the Town, provided, however, that other persons may address the Meeting with its unanimous consent.

Section 7. Every person speaking upon a subject in any Meeting shall confine his remarks to the question before the Meeting, avoid personalities, and be seated when he has finished. Section 8. Every person desiring to speak shall rise, address the chair, and, on obtaining recognition, shall state his name and stand while speaking unless the Moderator otherwise directs.

Section 9. No person shall speak on any subject a second time for more than five minutes unless the Meeting permits him to do so.

Section 10. No person shall speak more than twice upon any question, except to correct an error or make an explanation, without first obtaining the permission of the Meeting, and not until others who have not spoken upon the question shall speak if they so desire.

Section 11. When a question is to be voted on for which only a majority vote is required, the decision of the meeting shall be determined by the voices of the voters, and the Moderator shall promptly announce the vote as it appears to him by the sound. If the Moderator is unable to determine the vote by the sound of the voices, or if his announcement is thereupon doubted by seven or more voters rising in their places for that purpose, the Moderator shall without debate determine the vote (i) by ordering a hand vote, for which he may appoint tellers to make and report the count, or (ii) by ordering a poll by ballot of the Meeting.

Section 12. If, after debate, the Meeting so orders, or if, upon recommendation of the Advisory Committee, the Moderator so orders (subject to appeal provided in Section 16 of this Article), the vote on any motion shall be taken in one of three ways:

(i) by a hand vote,
(ii) by a poll with the use of a check list, or
(iii) by a "yes" or "no" ballot with the use of a check list.

Section 13. When the Moderator rules that a motion is readily susceptible of division, and either the Moderator deems it advisable or seven voters present so request, the motion shall be divided and the vote upon each part be taken separately.

Section 14. When a question is under debate, these motions shall be received:

to adjourn to a fixed time;

to lay on the table;

to stop debate ("previous question");

to postpone to a certain time;

to commit; or

to amend,

and these motions shall have precedence in the order stated. The first three shall be decided without debate, and the latter three may be debated. Motions to lay on the table or to stop debate require at least a two-thirds vote.

When proposed amendments involve amounts, if to purchase, the smallest amount, or, if to sell, the largest amount, shall be put to a vote first. When proposed amendments involve dates, the shortest time shall be put to a vote first.

Section 15. A motion to reconsider any vote may be made during the session at which the vote was taken. A motion to reconsider may be made at an adjourned session of the Meeting only if the mover of this motion has given notice at the session of the Meeting at which the vote was taken, of his intention to make such motion at an adjourned session. There can be no reconsideration of a vote once it has been reconsidered or after a vote not to reconsider it. A motion to reconsider any vote must be made before the final dissolution of the Meeting during which the vote was taken.

Nothing contained in this Section, however, shall prevent or be construed as preventing the reintroduction of any matter in an article of the warrant for subsequent Town Meeting.

Section 16. Any voter may appeal from the decision of the Moderator, and when his appeal is properly seconded by seven or more voters, no other business, except a motion to adjourn to a fixed time or to lay on the table, shall be in order until the question of appeal has been decided. The appeal shall be decided without debate and by a hand vote. If there is a tie vote, the Moderator's decision stands.

Section 17. The duties of the Moderator and the government of the Town Meeting, not specifically provided for by law or in Article II of the By-Laws of the Town shall be determined by the rules of practice recommended in *Town Meeting Time: Practical Handbook of Parliamentary Law* (Johnson, Trustman, & Wadsworth, 1962), so far as they are appropriate for the conditions and powers of the Town.

MEMORANDUM re MR. JOSEPH BARRESI

Cohasset has some things to boast about besides its beauty and one of them is its many capable citizens who give of their time and talent to help run the Town.

Prominent in this group of volunteers, is the Advisory Committee which throughout the year contributes a great deal of time, energy and experience in assisting us to make intelligent decisions regarding Town Affairs. We have been particularly fortunate over the past years, in having highly knowledgeable and dedicated advisory Committees.

We have been doubly fortunate in having had outstanding chairmen of these committees, who have clearly and simply supplied the information and advice necessary to decide on the questions brought before us.

Our present chairman, Mr. Joseph Barresi, falls in this category of outstanding chairmen. He came to Cohasset in 1961, having filled the position of Director of the Boston Municipal Research Bureau from 1953 to 1976. He has resigned this position to become a vice-president in Scudder, Stevens & Clark, in the municipal bonds division. He is presently president of the Massachusetts Association of Advisory Board chairmen. He has also coached Little League Teams.

The Cohasset Town By-Laws specify that a member of the Advisory Committee may not serve more than two consecutive terms, which Mr. Barresi has done, so he must retire.

His administration of the Committee as chairman and the clarity of his explanations at Town Meeting, have been superior. We are grateful to him for a conscientious and skillful job and believe our appreciation can be best expressed by the applause of this Meeting.

Signed—
Paul Blackmur.

MOVED: That Article 44 be advanced and acted upon at this time. A voice vote was in doubt by the Moderator and a hand vote was taken. The motion passed, yes, 198, to no, 156.

ARTICLE 44. (Inserted by the request of Barbara A. Williams and others.)
(a) Any owner or keeper of a dog who shall permit the same to be in any street or public place without being effectively restrained by chain or leash under the direct and positive control of such owner, keeper, or other person, or who shall permit such dog to run upon property of another without expressed permission of the owner or occupant of such property, shall be punished by a fine of $10.00.

(b) The Dog Officer shall impound any dog running at large contrary to the provisions of sub-section (a). If the owner be known the Dog Officer shall give notice to such owner immediately. If the owner claims such dog, and furnishes proof or payment of outstanding license fees, and pays the Dog Officer a pound fee of fifteen dollars together with the current boarding rate allowed under Massachusetts General Laws, Chapter 140, Section 151A, such dog shall be returned to such owner. The pound fee shall be turned over to the Town Treasurer, and to raise and appropriate a sum of money to compensate the Dog Officers for the discharge of their responsibilities and expenses under said By-

Law and for the expenses of the office.
MOVED: That the Town vote to amend the Town By-Laws by inserting an article numbered 24.

ARTICLE 40. To see if the town will vote to amend the Zoning By-Law of the Town of Cohasset adopted December 2, 1969, as heretofore amended by striking Section 5B and inserting in place thereof the following section:

B. SITE PLAN REVIEW AND APPROVAL

No permit to build, or alter the exterior of, or expand any buildings or structure located in a Highway Business District, Downtown Business District, Waterfront Business District or Light Industry District shall be issued by the Zoning Officer, except in those cases where an application for a Special Permit has been submitted to the Board of Appeals, until he shall have received from the Planning Board a written statement of final approval of the Board in accordance with the provisions of this section or until 30 days have elapsed without a Planning Board response. The Zoning Officer shall enforce the fulfillment of any conditions or revisions which the Planning Board may impose, unless such conditions are altered by the Planning Board.

In cases where an application has been submitted to the Board of Appeals and when in accordance with the provisions of this By-Law the Board of Appeals refers an application for a Special Permit to the Planning Board for review and comment, the Planning Board's written report to the Board of Appeals, shall include, but not be limited to, all of the findings and determinations the Planning Board would make in conducting a Site Plan review under this section.

The Planning Board shall review preliminary site plans and shall issue site plan approval (including appropriate revisions and conditions) if the Planning Board makes the following findings and determinations:

- That the proposed development will be harmonious with and not harmful, injurious, or objectionable to existing or future uses in the area.

- That natural resources will not be unduly exhausted.

- That erosion will be controlled during and after construction and will not adversely affect adjacent or neighboring property or public facilities or services.

- That increased or decreased runoff due to development on the site will not be injurious to any downstream property owenrs or cause hazardous conditions on adjoining streets.

- That the proposed development will not result in undue pollution of ground or surface waters, either fresh or salt.

- That the movement of vehicular and pedestrian traffic within the site and in relation to access streets will be safe and convenient.

- That appropriate vistas, historic and geological phenomena, and environmental qualities of the Town will be protected.

A person applying for site plan review shall file an application with the Planning Board and a preliminary site plan, and a filing fee. Such application and site plan shall include the element on which the Planning Board is to make a finding and determination, as provided in this section and shall also include information as to the nature and extent of the proposed use of buildings, and such further information as the Planning Board shall reasonably require by rule or regulation. In subsequent applications concerning the same subject matter, the Board may waive the filing of plans and documents to the extent they duplicate those previously filed.

The Planning Board shall within one week of receipt of them transmit to the Conservation Commission, Water Department, Highway Surveyor, Wire Department, Tree Department and such other Town committees, commissions and boards it shall reasonably designate by rule or regulation two copies of the above application and site plan. The Conservation Commission and other agencies designated by the Planning Board shall consider the same and submit a final report thereon with recommendations to the Planning Board. The Conservation Commission and other icshall review the application with particular reference to the provisions of the Wetlands Protection Act-Chapter 131-Section 40 and shall recommend as to the advisability of granting the special permit and as to any restrictions which should be imposed upon the development as a condition of such permit. The Planning Board shall not make a finding and determination upon an application until it has received the final report of the Conservation Commission and/or other agencies designated by the Planning board thereon, or until fifteen (15) days shall have elapsed since the transmittal of said copies of the application and site plan to the Conservation Commission and other agencies designated by the Planning Board without such report being submitted.

The Planning Board shall hold a duly advertised public hearing within twenty-one (21) days after the filing of an application and site plan, and, except as hereinafter provided, shall take final action within ten (10) days after the date of the public hearing. Such final action shall consist of either:

(a) A finding and determination that the proposed construction, reconstruction, substantial exterior alteration, or addition will constitute a suitable development and will not

result in substantial detriment to the neighborhood, or the natural, scenic or aesthetic qualities of the Town, or

(b) A written denial of the application for such finding and determination, stating the reasons for such denial, which reasons shall include a statement of the respect in which any elements in and particular features of the proposal are deemed by the Board to be unsuitable or detrimental to the neighborhood or the natural, scenic or aesthetic qualities of the Town.

(c) A finding and determination may be made subject to such reasonable conditions, modifications and restrictions set forth therein as the Board may deem necessary to ensure that the proposed construction, reconstruction, substantial exterior alteration, or addition will constitute a suitable development and will not result in substantial detriment to the neighborhood or the natural, scenic or aesthetic qualities of the Town.

(d) In the event that the Planning Board approved a site plan under these provisions, any construction, reconstruction, substantial exterior alteration, or addition shall be carried on only in conformity with any conditions, modifications and restrictions subject to which the Board shall have made its findings and determination, and only in conformity with the application and site plan and its amendments, if any, on the basis of which the finding and determination are made.

Any construction, reconstruction, exterior alteration or additions not in conformance with an approved site plan shall be halted by the Building Inspector and ordered fully removed by him.

MOVED: That the Town vote to amend the Zoning By-Law of the Town of Cohasset adopted December 2, 1969 as heretofore amended by striking Section 5B and inserting in place thereof the following section:

ARTICLE 41. (Inscribed by the Board of Selectmen at the request of the Planning Board, Thomas E. Morse, Chairman.)

To see if the Town will vote to amend the Zoning By-Law of the Town of Cohasset adopted December 2, 1969, as heretofore amended by striking Section 6C and inserting in place thereof the following section:

SPECIAL PERMITS BY BOARD OF APPEALS; CONDITIONS; PROCEDURES

The Board of Appeals shall hear and decide only such special permits as are specifically authorized by the terms of this by-law. The board may grant special permits only where such conditions and safeguards as required by this by-law have been made, and only after a determination that such grant would promote the public health, safety, welfare, comfort or convenience of the community and would not be adverse to the Town's economy and environment. A special permit shall not be granted by the Board of Appeals unless and until:

1. A written application for a special permit is submitted indicating the specific section of this by-law under which the special permit is sought and stating the grounds on which it is requested;

2. The Board of Appeals has made written findings certifying compliance with the specific provisions of this by-law governing the exception and that satisfactory provision and arrangement has been made covering the following where applicable:

(a) Ingress and egress to property and proposed structures thereon with particular reference to automotive and pedestrian safety and convenience, traffic flow and control and access in case of fire or catastrophe;

(b) Off-street parking and loading areas where required with particular attention to the items in paragraph (a) and the economic, noise, glare, or odor effects of the special exception on adjoining properties and properties generally in the district;

(c) Refuse collection or disposal and service area, with particular reference to items in paragraphs (a) and (b) above;

(d) Screening and buffering with reference to type, dimensions, and character;

(e) Signs, if any, and proposed exterior lighting with reference to glare, traffic safety, economic effect, and compatibility and harmony with properties in the district;

(f) Required yards and other open space; and

(g) General compatibility with adjacent properties and other property in the district.

(h) The comments and recommendations of the Planning Board have been considered where the Special Permit has been submitted to the Planning Board and the Planning Board has submitted its recommendations as required by this By-Law. Reasons for not accepting Planning Board comments and recommendations shall be noted.

(i) The comments and recommendations of the Design Review Board have been considered where the Design Review Board has submitted its recommendations.

Within ten (10) days after receipt of the application for a special permit under this section the Board of Appeals shall transmit copies thereof, together with copies of the accompanying plans to the Board of Health, the Design Review Board, the Planning Board, and the Conservation Commission. All such Boards shall investigate the application and report in writing their recommendations to the Board of Appeals. The Board of Appeals shall not take final action on such application until it has received a report thereon from the Board of Health, Design Review board, Planning Board, and the Conservation Commission or until said Boards have allowed thirty (30) days to elapse after receipt of such application without submission of a report.

ARTICLE 42. (Inserted by the Board of Selectmen at the request of the Planning Board, Thomas E. Morse, Chairman.)

To see if the town will vote to amend the Zoning By-Law of the Town of Cohasset adopted December 2, 1969, as heretofore amended by striking Section 6D and inserting in place thereof the following section.

D. VARIANCE:

As provided by statute, the Board of Appeals may authorize with respect to a particular building or parcel of land, a variance from any of the terms of this Zoning By-Law where

owing to the circumstances relating to soil condition, shape, or topography of such land or structures and especially affecting such land or structures but not affecting generally the Zoning District in which it is located, a literal enforcement of the provisions of the ordinance or by-law would involve substantial hardship, financial or otherwise to the owner of said building or parcel, and that desirable relief may be granted without substantial detriment to the public good and without nullifying or substantially derogating from the intent or purpose of such Zoning By-Law. No variance may authorize a use or activity not otherwise permitted in the district in which the land or structure is located.

Before any variance is granted, the Board must find all of the following conditions to be present:

(a) Conditions and circumstances are unique to the applicant's lot, structure or building and do not apply to the neighboring lands, structures or buildings in the same district.

(b) Strict application of the provisions of this by-law would deprive the applicant of reasonable use of the lot, structure or building in a manner equivalent to the use permitted to be made by other owners of their neighborhood land, structures or buildings in the same district.

(c) The unique conditions and circumstances are not the result of actions of the applicant taken subsequent to the adoption of the By-Law.

(d) Relief, if approved, will not cause substantial detriment to the public good or impair the purposes and intent of this by-law.

(e) Relief, if approved, will not constitute a grant of special privilege inconsistent with the limitations upon other properties in the district.

The board may, in approving a variance, impose conditions, safeguards and limitations necessary to support the intent and purpose of this Zoning By-Law.

Within ten (10) days after receipt of the application for a variance under this section the Board of Appeals shall transmit copies thereof, together with copies of the accompanying plans to the Board of Health, the Design Review Board, the Planning Board, and the Conservation Commission. All such Boards shall investigate the application and report in writing their recommendations to the Board of Appeals. The Board of Appeals shall not take final action on such application until it has received a report thereon from the Board of Health, Design Review Board, Planning Board, and the Conservation Commission or until said Boards have allowed thirty (30) days to elapse after receipt of such application with submission of a report.

MOVED: That the Town vote to amend the Zoning By-Law of the Town of Cohasset adopted December 2, 1969, as heretofore amended by striking Section 6D and inserting in place thereof the following section:

stantial detriment to the public good and without nullifying or substantially derogating from the intent or purpose of such Zoning By-Law. No variance may authorize a use or activity not otherwise permitted in the district in which the land or structure is located.

Before any variance is granted, the Board must find all of the following conditions to be present:

The board may, in approving a variance, impose conditions, safeguards and limitations necessary to support the intent and purpose of this Zoning By-Law.

Within ten (10) days after receipt of the application for a variance under this section the Board of Appeals shall transmit copies thereof, together with copies of the accompanying plans to the Board of Health, the Planning Baord, and the Conservation Commission. All such Boards shall investigate the application and report in writing their recommendations to the Board of Appeals. The Board of Appeals shall not take final action on such application until it has received a report thereon from the Board of Health, Planning Board, and the Conservation Commission or until said Boards have allowed thirty (30) days to elapse after receipt of such application without submission of a report.

The Planning Board reported in favor of this motion.

AMENDMENT to ARTICLE 42.

MOVED: That the 2nd sentence of the first paragraph D. VARIANCE be stricken and there be inserted in place thereof the following "A variance may authorize a use or activity not otherwise permitted in the district in which the land or structure is located" so that the first paragraph shall read as follows:

D. VARIANCE:

As provided by statute, the Board of Appeals may authorize with respect to a particular building or parcel of land, a variance from any of the terms of the Zoning By-Law where owing to the circumstances relating to soil condition, shape, or topography of such land or structures and especially affecting such land or structures but not affecting generally the Zoning District in which it is located, a literal enforcement of the provisions of the ordinance or by-law would involve substantial hardship, financial or otherwise to the owner of said building or parcel, and that desirable relief may be granted without substantial detriment to the public good and without nullifying or substantially derogating from the intent or purpose of such Zoning By-Law. Main motion on Article 42 voted by a hand vote, Yes, 172 to No, 34—1 voter abstained.

ARTICLE 43 (Inserted by the Board of Selectmen at the request of the Planning Board, Thomas E. Morse, Chairman, and others.)

To see if the town will vote to amend the zoning by-law of the town of Cohasset adopted December 2, 1969, as heretofore amended by striking therefrom the following provisions:

(i) Section 4B1 (a) (1) (2)
(ii) Section 4C1 (n) (1) (2)
(iii) Section 4D1 (m) (1) (2); and by adding thereto the following Section 7:

section 7 Signs

A PURPOSE

To regulate and restrict the signs within Cohasset in order to protect and enhance the visual environment of Cohasset and the safety, convenience, and welfare of its inhabitants. This By-Law will not apply to signs exempted by Section 32 of Chapter 93 of the General Laws of Massachusetts.

B SIGN DEFINITION

1. Sign—a letter of the alphabet, work, numeral, emblem, design device, trademark, drawing, picture, flag, pennant, streamer, or any other object that advertises, calls attention to or indicates any premises, person, or activity, whatever the nature of the material and manner of composition or construction.

2. Accessory sign—any billboard, sign, or other device that advertises, calls attention to or indicates the person occupying the premises on which it is located or the buiness or activity being conducted on such premises or which advertises the sale, rental, or lease of the premises or any part thereof and which contains no other advertising of any kind.

3. Non-accessory sign—any sign other than an accessory sign as herein defined.

4. Advertising sign—a sign used to direct attention to a service, sale, or other activity not performed on the same premises upon which the sign is located.

5. Business sign—a sign used to direct attention to a service, product sold, or other activity being or to be performed on the same premises upon which the sign is located.

6. Identification sign—a sign used simply to identify the name, address, and title of an individual, family, or firm occupying the premises upon which the sign is located.

7. Size—sign—In applying the maximum height and width limitation prescribed in this By-Law for signs, any intermediary removable surface to which a sign is affixed shall be deemed to be part of the sign.

8. Standing sign—any sign erected on or affixed to the land and any and every exterior sign that is not attached to a building.

9. New sign—any sign erected after the date of adoption of this by-law.

10. Sign surface area of which—

(a) area of sign shall be considered to include all lettering, working, and accompanying designs, pictures, and symbols, together with the background on which they are

displayed, any frame around the sign and any cutout or extensions, but shall not include any unlettered supporting structure or bracing.

(b) area of a sign consisting of individual letters or symbols attached to or painted on a surface building or wall shall be considered to be that of the smallest rectangle, triangle, circle, or any geometric form which encompasses all the letters and symbols.

11. Temporary sign—any sign intended to be exhibited for a period of not more than 30 days.

12. Premise—the land and building controlled by a tenant or owner in the furtherance of his business or industry.

C ADMINISTRATION

1. The Building Inspector is hereby designated as a sign officer with full power to enforce By-Law.

2. No sign (except an Identification Sign not exceeding one square foot in area attached to a residence or in the front yard not closer to the street than the nearest part of the house) shall be erected, altered, or relocated without a permit by the Building Inspector. The Building Inspector may require a drawing and other pertinent information before issuing a permit.

Fees may be designated from time to time by the Selectmen.

3. Removal of new signs—the Building Inspector shall order removal of any new signs which do not conform to this By-Law henceforth.

4. The Building Inspector shall order the removal of abandoned signs which shall be done by the owner or tenant of the establishment to which it so designates. Penalties shall be enforced according to Section 7.3.5 of this By-Law.

5. Penalties—whosoever violates any provision of this By-Law or any lawful order of the Building Inspector/sign officer shall be punished by a fine of $100 per day, each day being a separate offense. Monies derived from such penalties shall be for use of the Town.

6. Appeal—a person aggrieved by the refusal of the building Inspector to issue a permit for the erection of a sign or by any order of the Building Inspector under this By-Law may appeal to the Board of Appeals. The provision of the Zoning By-Law as to the time for taking such appeal and as to the notice of and hearing thereon to be held by the Board of Appeals shall apply to appeals under this By-Law.

7. In the event the Building Inspector does not act within a reasonable time (30 days) the Town Clerk will issue permit.

D SIGNS PERMITTED ALL DISTRICTS

1. Sheet Banners—Sheet banners or temporary signs advertising a public entertainment or advertising a charitable, religious, or educational event as may be specifically approved by Selectmen and on issuance of a permit by the Building Inspector, may be displayed in locations designated by the Building Inspector 14 days prior to and 7 days after the event.

2. Temporary Signs—permits for not more that 30 days temporary signs appropriate for the use or subject matter involved on the premises may be issued by the Building Inspector.

3. Existing signs—any lawful signs existing before enactment of this amendment to the town By-Law may be continued, although such signs may not conform to provisions of the amendment. If there is an expiration of a permit or variance issued by the Board of Appeals after date of adoption of this amendment to the By-Law, such sign must conform to the provisions herein or be removed.

E SIGNS PROHIBITED ALL DISTRICTS

1. Signs which advertise an activity, business, product, or service no longer produced or conducted on the premises upon which the sign is located are prohibited. No such sign shall remain in the place in or on vacated premises for more than 30 days from the day of vacancy. The penalty clause will be enforced thereafter.

2. Signs which contain or consist of pennants, streamers, ribbons, spinners, other moving device, strings of lights, or other similar devices are prohibited.

3. Signs which have blinking, flashing, or fluttering lights or other illuminating devices which have a changing light intensity, brightness, or color are prohibited.

4. Signs illuminated by other than stationary white or off-white steady light are prohibited.

5. Signs which are pasted or attached to a utility pole, tree, fence, other signs or structures which are on or over public or private ways are prohibited.

6. Mechanically active signs are prohibited.

7. Signs printed directly on a wall, rock, tree, or pole are prohibited.

8. Movable or portable signs such as those used in connection with gas filling stations, automobile dealers, and garage activities are prohibited, except for the normal business sign used on trucks and other commercial vehicles which are legally parked at a premise.

9. Signs which obstruct visability in such a way as to constitute a hazard to the safety travelling on a public way.

10. No sign shall extend above the main roof line of the building to which it is fastened.

11. No nonconforming sign shall be altered unless such alteration makes it a conforming sign. Repainting shall not be considered an alteration.

12. No sign shall be illuminated between the hours of 10:00 p.m. and 6:00 a.m. except that if a business establishment or office is open to the public after 10:00 p.m. the sign may be illuminated until closing but not later than Midnight.

13. Exposed gaseous tube type signs and internally illuminated building signs are prohibited.

14. No billboard of a general advertising nature which does not pertain to a building structure or use on the same premises as the location of such sign shall be permitted within the Town of Cohasset.

F REGULATIONS IN RESIDENTIAL DISTRICT (A,B,C)

No sign shall be permitted in any residential district except accessory signs complying with the following requirements:

1. One single non-flashing sign for each tenant if not more than one (1) square foot in

area, the form and design of which has been approved by the Building Inspector indicating one or more of the following:

(a) name of the owner or occupant
(b) identifying name of the premises
(c) street address
(d) profession or activity being lawfully conducted on the premises.

2. One unlighted temporary ground sign on each lot not over six (6) square feet in area pertaining to the sale or lease of the premises.

3. Sections 7.6.1 and 7.6.2 shall not apply to signs used exclusively for municipal purposes.

4. Non-accessory signs are prohibited in Residential Districts.

G REGULATIONS IN BUSINESS DISTRICTS

No sign shall be permitted except those permitted in Residential Districts and except accessory signs complying with the following requirements:

1. One accessory sign, non-flashing, for each premise, attached flat against the principal street entrance wall of a building, provided that the aggregate amount of such signs shall not exceed one hundred (100) square feet in area and the aggregate amount shall not exceed 10% of the square area of the entrance wall.

2. One directory of the establishment occupying a building at each public entrance to the building. Such directory shall not exceed an area determined on the basis of one (1) square foot for each establishment occupying the premises.

H REGULATIONS IN HIGHWAY DISTRICTS

No sign shall be permitted except those permitted in Residential Districts, Business Districts, and except accessory sign complying with the following requirements:

1. This section shall not apply to signs used exclusively for municipal or public transportation.

I REGULATIONS IN LIGHT INDUSTRY DISTRICTS

No signs shall be permitted except those permitted in Residential, Business, and Highway Districts.

1. This section shall not apply to signs used exclusively for municipal or public transportation.

J SEVERABILITY

The invalidity of any section or provision of this By-law shall not invalidate any other section or provision thereof.

REPORT ON COUNCIL ON AGING

Open meetings of the Cohasset Council On Aging are held every second Tuesday of the month at 10:00 a.m. at the First Parish House. The nine member board voluntarily meets to discuss the implementations of plans concerning the welfare and activities of this very important segment of the town's population—the elderly.

The following programs and activities now available are made possible through the efforts of the Social Service League, the Cohasset Housing Authority, the Council and over 200 dedicated willing volunteers.

HEALTH CARE: A "Keep Well" Clinic is held by the Town Nurse every third Thursday of the month at the First Parish House. A similar clinic is held every third Wednesday at 60 Elm Street. Additionally, flu shots are given every year at the offices of the Social Service League. All qualified citzens are welcome.

HOUSING: Under the Cohasset Housing Authority 54 units are now fully occupied at 60 Elm Street, 383-1948.

INFORMATION: News concerning upcoming social, educational or recreational activities is published monthly in the VISTA which is mailed to over 300 homes each month. To receive this important source of information call 383-1105 weekday mornings.

NUTRITION: Volunteers from the Social Service League supervise an increasingly popular program—Meals-On-Wheels. Six days a week hot meals are delivered to the homes of the elderly who need assistance in the preparation of food. Special diets can also be arranged when required. There is a nominal fee of $1.10 per meal, but additional financial aid can be arranged with the Council, when necessary. The budget of the Council

pays the difference between the fee and actual cost of $1.55 per meal. Meals are prepared by the Red Lion Inn. The program is now serving meals at the rate of over 3500 per year, up from last year's 2800. Social Luncheons, sponsored by the Council, prepared by the High School are served every Tuesday at 12:30 p.m. at the First Parish House during the school year. Over 30 volunteers from St. Anthony's, St. Stephens', First Parish and Second Parish Congregational Churches serve the meal. Approximately 700 meals were served last year, up from about 500. Usually a short film follows the luncheon. Those interested should call 383-1105 by Monday noon.

RECREATION: The Council sponsors one bus trip a year. Information concerning this is published in the VISTA. Also, the Council works closely with the 60-Plus Club whose membership of over 300 participate in theater trips, luncheons, bus trips, gala parties and fairs and who meet the third Thursday of the month at the First Parish House. Now that the town has a Recreational Director, it is hoped that many new programs will be instituted in the coming year.

TRANSPORATION: The Senior Shuttle Bus continues to increase in popularity and usage. This year over 100 passengers per week were driven by over 30 competent volunteer drivers. Last year, the figure was 60 per week. Also, approximately 10 volunteers drive the Sunday Church bus, and the bus was made available for selected evening functions in the town. Those interested should call 383-0821 before 10:00 a.m. for morning rides and before 12:30 p.m. for afternoons; for church bus call same number by Friday afternoon and for last minute changes 383-1814. This Council service is probably the most used by the elderly for it makes possible the participation in a wide variety of social and business activities within the town.

CAPITAL BUDGET COMMITTEE

During the year 1976 the Capital Budget Committee carried out its mission according to the procedures outlined on pages 113-114 of the 1975 Annual Report. As a result of their work the committee was able to distribute a comprehensive printed summary for use during Town Meeting proceedings. Many favorable comments were received regarding the content and format of this summary and the use of priority designations rather than recommendations. Therefore, the Capital Budget Committee plans to continue operating in this manner.

Capital items voted upon at the Town Meeting have been summarized in the table below:

ARTICLE NO.	DESCRIPTION	CBC PRIORITY	TOWN MEETING ACTION
4	School Department	2	Voted
4	Resurface 2 tennis courts	2	Voted
4	Replace Highway Sander	1	Voted

Health Agent, Inspector of Animals

Tai Jin Chung M.D.
Pediatrician, Well Baby and Well Child Conference

Ellenora Lenihan and Margaret Loud
Public Health Nurse, Nursing services by contract with the Social Service League

Joseph Laugelle
Superintendent of the Town's Disposal Area

Charles T. Patrolia
Plumbing Inspector

Donald Clark
Plumbing Inspector

As in the past the function of the Board of Health continues to be the promotion and protection of human comfort and well being by upholding current, local and state health codes and regulations.

The board actively monitors the various clinics which the Social Service League has been conducting. Overall, participation of the town's citizens has increased. There was a very favorable response to the three formal swine bivalent and mono-valent flu vaccine clinics held during the fall. It should be noted no serious untoward effects were reported for a total of 895 injections.

The health agent, public health nursing staff and volunteers must be highly commended for their efficiency during these clinics.

The recycling program has and will continue to improve with the upgrading of the physical location at the disposal area as well as the presence and useage of the new compartmental disposal bins. Further plans for compaction of the material are being formulated.

Final plans for a three phase sanitary landfill area were submitted to the state and approval is expected in the near future. This will give the town a minimum of six years usage at the present location.

The incidence of Tuberculosis is not declining. The method of treatment has changed and people are not hospitalized as long or as often. By careful attention and good follow

up on required tests, treatment can be started earlier and thereby prevent and control the spread somewhat. As recommended by the State and Town By-Laws Mr. O'Brien and the Board of Health have been most cooperative with the League in seeing that all food handlers, school personnel and employees of nursing homes are up to date on their tests. There are 23 food handling establishments and all have cooperated.

The incidence of veneral disease is not declining but it is difficult to arrive at accurate figures. Many active cases and contacts are not reported due to the nature of the illness.

The Cohasset Social Service League provides the nursing service for the Board of Health and all residence are covered for health services. The senior Health Clinics have increased in attendance and much appreciated by those attending. With the advent of planned parenthood the age range of our Keep Well Clinic has changed—fewer children at the Well Child—more attendance at the Senior Clinics.

It was my pleasure to have worked this year with Mr. Kevin O'Brien and the Board of Health. They are most anxious to see that the health needs of the townspeople are met.

Once again Mrs. Loud and I are indebted to the Water, Police, and Highway department for their cooperation and help.

We wish for Cohasset continued good health.

Respectfully submitted,

Ellenora Lenihan R.N.

COHASSET HOUSING AUTHORITY

The sixty-four apartment Community for the Elderly and Handicapped which was first occupied in January 1975 has had six tenant changes in its first two years of existence.

The Authority is in the final stages of closing out the contract with the Contractor.

Our thanks to, Board Chairman, Mr. W. Chester Browne and Treasurer, Mr. Samuel Hassan, both of whom served in this capacity for seven years.

We welcome newly elected Board Member, Mrs. Kathleen Conte, and Selectmen Appointee to replace Mr. Browne, Mr. Conrad Ericsson.

Mr. Alfred Odermatt was reappointed as Executive Director, and Mr. Mike Emanuello will continue to serve as Maintenance Man.

We continue to be pleased with the overall success of the Community, and the fine spirit and cooperation of the tenants.

FIRE DEPARTMENT

To The Honorable Board of Selectmen,

I herewith submit the Annual Report of the Fire Department for the year ending December 31, 1976.

INVENTORY of AUTOMOTIVE EQUIPMENT of the DEPARTMENT

COMPANY	TYPE OF EQUIPMENT	STATIONED	MAKE	YEAR
Engine 1	750 G.P.M. Pumping Engine	Headquarters	Pirsch	1954
Engine 2	750 G.P.M. Pumping Engine	North Cohasset	Pirsch	1961
Engine 3	500 G.P.M. Pumping Engine	Beechwood	Mack	1950
Engine 4	1,000 G.P.M. Pumping Engine	Headquarters	Farrar Ford	1973
Ladder 1	65 feet Junior Aerial Ladder	Headquarters	Pirsch	1947
Forest 1	500 G.P.M.–400 gal. Pumper–Tanker	Headquarters	Farrar Dodge	1955
Forest 2	500 G.P.M.–700 gal. Pumper–Tanker	Headquarters	Farrar Ford	1953
Chief's Car	Four-door Sedan	Headquarters	Ford	1973
A-28	Modular Ambulance	Headquarters	Ford	1976

Leading fire protection authorities place an average service life for a pumping engine at 15 - 20 years; and 20 - 25 years for a ladder truck, plus a reserve service of 5 years. The above list giving function, assignment and age of the automotive equipment of the department points to the fact that much of the apparatus has reached or exceeds the normal average service life.

The 1976 Town Meeting appropriated funds for the purchase of a new aerial ladder truck. Specifications were drawn up and bids were sought in compliance with local and state regulations. Based upon my recommendation the Board of Selectmen approved the purchase of this vehicle from the Seagrave Corporation, one of the oldest and most reliable manufacturers of this type of truck.

This aerial ladder truck will be diesel powered with automatic transmission, power steering and enclosed cab. The concept of the rear mounted turntable and ladder make the overall length of the truck shorter and more maneuverable, important for the narrow winding streets and roadways.

A program of systematic replacement of apparatus is necessary to keep the financial impact at a minimum and maintain the age of the apparatus within reasonable limits. This type of program is presently being conducted by the Capital Budget Committee. However, I feel that it would be wise to annually set aside funds to meet these and similar obligations. This would also aid in reducing the financial impact by spreading it over several years and having the funds on hand at time of purchase.

PERSONNEL

The Table of Organization of the department calls for twenty-four officers and men, assigned in four groups of six men each group. Since July 1, 1975, the department has been forced to operate at a reduced rate of manpower due to lack of a list of certified candidates from the Division of Personnel Administration (Civil Service). At the end of September a list of candidates was received, the candidates interviewed, and the following appointments made; effective November 1, 1976 .. Mark H. Trask, Thomas P. Finegan, James P. Runey, Matthew B. Marr and James R. Sheerin. The appointment of these five

Cohasset men to the department restored the level of manpower to twenty-four or six men per group. They will be assigned to a regular work shift January 3, 1977, and have completed a basic training in all aspects of firefighting and department procedures.

The paper strength of each of these groups is six men but with the authorized leaves granted—vacation, sick leave, etc. it is more realistically five men. In order to maintain a basic manning for the fire protection of Cohasset and operate the ambulance at a satisfactory level—I feel that four additional firefighters are needed. Funds for these men have been included in the budget for fiscal 1977 - 1978.

With the exception of personnel added to the department to compensate for a reduction in hours—no personnel has been added in ten years to strengthen the manning on each group. The number of incidents has almost doubled without the operation of the ambulance. This addition of manpower is also outlined in the report of Mr. Warren Y. Kimball on Fire Protection in Cohasset, dated 1974.

Firefighter Roger W. Lincoln was promoted, after passing a competetive examination, to the rank of Fire Captain; effective July 1, 1976.

STATIONS AND EQUIPMENT

The condition of the two substations at Beechwood and North Cohasset has not changed since last year. They are still very much inadequate in size, condition and loca-

tion. Again I must state that serious consideration must be given to this problem. It has a direct bearing on the replacement of apparatus; because of their restrictive size, and with manpower being a serious problem it restricts the deployment of men and equipment—because of their locations in the extremities of the Town.

Hopefully the Committee that is currently in existence to study this housing problem of the Fire Department can make a report that will initiate some action and get this problem off top dead center.

In conclusion I would like to thank the citizens of Cohasset for their cooperation and support of the Fire Department. To the Honorable Board of Selectmen, other department heads and department members, and all committees for their understanding, guidance and assistance. To all members of the Fire Department for their fine cooperation and performance of assigned duties, my sincere thanks and appreciation.

Respectfully submitted,

Charles Piepenbrink
Chief of Fire Department and
Forest Fire Warden

REPORT OF THE HIGHWAY DEPARTMENT

The Highway Department spent most of the winter months plowing snow and sanding streets and private ways.

Pond Street was resurfaced, drain pipes and catch basins were installed. The estimated contract for this job was $45,000.00. The Highway Department completed it for under $30,000.00.

We helped the School Department with the tennis court problem, the Government Island with its parking area and the turn around at the end of Doane Street.

Two and one half miles of Type I Bituminous concrete, 2,500 feet of mix in place surface was laid and 8,000 gallons of liquid asphalt were used in sealing streets. 3545 feet of drainpipe and 20 catch basins were installed.

Streets were swept, catch basins and culverts cleaned. Street signs and road lines were painted. Street signs were repaired and some fences replaced.

This year the drainage should be completed on Linden Drive and the effort will be made to correct the conditions at Doane Street.

I thank the Town Officials who have assisted me during the year. To the men of the Highway Department who work regularly and faithfully under sometimes very difficult conditions, I am very grateful.

Respectfully submitted,

Louis C. Bailey, Jr.
Highway Surveyor

ANNUAL REPORT OF THE GOVERNMENT ISLAND COMMITTEE

With the generous assistance of the Highway Department, the entrance driveway at the Habormaster's office, the driveway leading past the rental dwellings and into the parking lot, as well as the parking lot, was brought to finish grade and paved with mix in place. The parking lot was used by the Rotarians, St. Anthony's Church and Sailing Club Picnic. There is now available for Town Departments a quantity of loam and subsoil stockpiled adjacent to the parking lot ready for spring removal. This Committee, with the assistance of volunteers will start a brush removal program this spring to open up the area for picnic sites.

REPORT OF THE PERSONNEL COMMITTEE

The Personnel Committee is looking forward to being able to carry on the plans of its predecessors as well as making some further implementations. In this connection there will be the continuation and expansion of the Central Filing System for sick leave and vacation data.

During the past year the various Department heads—excluding the Police and Fire Department—submitted information concerning the duties of the employees in their respective departments, in accordance with a request from the Personnel Committee. The information submitted must now be examined and evaluated.

The Selectmen have appointed the Personnel Committee as Bargaining agents for the Board of Selectmen in negotiations with the Cohasset Police, Fire and Public Works employees. Mr. Charles Humphreys will act as negotiator for the Town. Mr. Humphreys will be responsible to the Personnel Committee who will in turn be responsible to the Board of Selectmen.

On July 1, 1976, Mr. Frank B. Chatterton, former Chairman of the Personnel Committee, and Mr. James F. Kearney left the Personnel Committee. The loss of those two Committee members is already being felt. The Personnel Committee has now been brought up to full strength by the three following appointments: Millard L. Drake, Roger L. Rice and Leonard F. Lawrence.

Respectfully submitted,

Norman F. Megathlin, *Chairman*

Leonard F. Lawrence

REPORT OF THE DOG OFFICER

I was appointed Dog Officer of the Town of Cohasset, 1 July 1976 by the Board of Selectmen to enforce Article 24, as amended, of the last Town Meeting, also to enforce regulations as defined in Chapter 140, Section 136A-175 of the General Laws of the Commonwealth of Massachusetts.

During the past six months 133 complaints were investigated. Several restraining orders were issued.

We have been using the Kresshingham Kennels in Hingham as a pound. This is working out quite satisfactory for the Town. I have had excellent support from the Board of Selectmen and Chief of Police.

Respectfully submitted,
John H. Barrett, *Dog Officer*

REPORT OF HARBORMASTER

To the Citizens of Cohasset and Board of Selectmen:

The demands on Cohasset Harbor are greater each year. There is no way we can handle more boats without long range planning, which should start immediately. The vessels in the Harbor are operating at a hardship level due to overcrowding. This past year, the Selectmen chose to freeze the waiting list on the recommendation of the Harbor Study Committee. At the present time there is a three to five year waiting period. Due to the increase in Commercial interests, we do not see any hope to cut this in the near future.

The following was undertaken under Capital Outlay this past year. A new 35 HP motor was purchased for the work boat. A contract was let out for the rebuilding of Lawrence Wharf—completion date to be April 1, 1977. This finalizes a plan started five years ago to rebuild all Town floats in order to cut down on maintenance costs. At the present time the Department is maintaining eleven floats, four runways, three piers and a walkway at Margin Street. Due to the total ban on using hoses put into effect by the Water Department, it became necessary to ask for a transfer to have a 2" self-primer pump installed at Government Island in order to wash down bait juice and other matter.

One other project is still to be undertaken this fiscal year. Removal of old piling left from the tearing down of Government Island Pier is necessary because of deeper draft boats using the facility. This project will be completed in the Spring.

For the best interest of all persons using the facilities of Cohasset Harbor and from the standpoint of safety and navigation, it continues to be necessary for all Harbor rules and regualtions to be strictly complied with.

There is a definite need for more man hours to be applied to Night Patrol. It was proven last summer with the help of a CETA employee working 40 hours a week—8:00 p.m. to 4:00 a.m., that vandalism was cut to a bare minimum. The more man hours applied the better the results. I am requesting the same hourly coverage for the next fiscal year.

Respectfully submitted,

Harry H. Ritter
Harbormaster

REPORT OF THE TRUSTEES OF THE COHASSET FREE PUBLIC LIBRARY, 1976

1976 was a pivotal year for the Cohasset library.

THE TOWN VOTED TO RENOVATE LIBRARY. At the May town meeting, $201,000 was voted to renovate unused space in the library's lower level and to rearrange the use of library space to produce an efficient, economical and attractive town library.

Cohasset's support of the renovation proposal was strong affirmation of the library's importance to the town. The vote was also a great credit to the hard work and cooperative efforts of many persons. The work of the trustees over several years provided a base. The Friends of the Library proved their friendship by their outstanding efforts to provide information to the town on the proposal. The various town boards conscientiously screened the plan and supplied important support. The town meeting carefully considered the merits of renovation and decided that the time to act has arrived.

RENOVATION PLANS PROCEED. Since May, the trustees have been working closely with the architects, Anderson Notter Finegold Associates. The final design of the renovation has been accepted by the trustees and the ensuing phases of construction documents, contract bidding, actual construction, and furnishing are geared to completion in the Fall of 1977.

The addition of a part-time professional to the library staff has significantly increased both service to users and overall efficiency of the library's operations. Approval of a CETA part-time employee, funded by the federal government, has permitted the library to serve Cohassett's children more effectively, both in the public schools and at the library.

The library staff continues to perform a truly outstanding job for Cohasset under the direction of our librarian, Richard Hayes. The Friends of the Library, under Jacqueline Dormitzer's leadership, continue to be indispensable in both supportive activities and in the many volunteer hours which produce both substantive results and immeasurable vitality to the library.

Respectfully submitted,

Sheila S. Evans, *Chairman*
for the Library Trustees

Pope, Children's Librarian; Susan M. Pope; Margaret D. Rossi; Martha J. Smith. Student help: Mary E. Farrell; Mary J. Ferris; Martha Fink; Catherine Gonsalves; Deborah A. Seavey. Custodian: Robert Pattison.

RESERVE REQUEST SERVICE. The library filled about 3,300 reserve requests for books, magazine articles, records or information which were not owned or in circulation when users needed them. This is a 43% increase over last year. Most of the materials requested are purchased because they will be useful to many others. The library purchases multiple copies of popular books so users will not have to wait unreasonably long. Reserves represent less than 4% of total loans—most users find what they want on shelf.

INTERLIBRARY LOAN. If the library cannot or should not buy something a user needs, it can usually be obtained through interlibrary loan (ILL) from another library. Of the 3,300 requests mentioned, 233 (7%) were sent to Cohasset by other libraries. In addition to this number are films and deposit collections from the Regional Library System. The Thomas Crane Public Library in Quincy filled 53% of these ILL requests, the Boston Public Library 20%, and 12 other public libraries and private institutions the rest. ILL requests are circulated through the Regional Library System by phone, mail, teletype and daily delivery van.

SUNDAY OPENINGS. Since September, the library has increased hours to include Sunday afternoons, September through June. The library is now open seven days a week. Sunday hours are very popular.

FEDERAL GRANT. A grant of $3,030 was awarded by the Massachusetts Department of Education, Bureau of Library Extension, under Title I of the Library Services and Construction Act. The fund was used to initiate a new service consisting of 532 adult educational audio cassettes, six cassette players, and storage equipment. The materials may be borrowed free of charge.

SUMMER READING INCENTIVE PROGRAM. This regular summer program for children is intended to promote skill and pleasure in reading. Reading Achievement Certificates are given to everyone who reads ten books and a paperback book of the reader's choice is given to everyone who reads twenty books during the program. Participation was up 33% over last year, with 92 children receiving certificates and 72 earning books. Hundreds of other children used the library—circulation of children's books was 38% higher in June-August than in any other three months of the year. Our goal continues to be that every child in Cohasset should find the public library a valuable summer recreation place.

FRIENDS OF THE COHASSET LIBRARY, INC. This membership organization donated over 2,000 hours of work at routine library tasks and countless hours in service to shut-ins and nursing homes, programs for adults and children, exhibits, publicity, membership recruitment and the annual book sale. Funds raised in membership dues and the book sale pay all expenses of programs and publicity, and enable the Friends to purchase books and special items for the library.

GIFTS. Dozens of people gave used books, some of which were added to the library collection and the rest of which were donated to the Friends book sale. Cash gifts for books were received from:

Mrs. Robert G. Ripley, *in memory of Mary J. McCarthy*
Cohasset Women's Club, *in memory of Elaine Gould, Lou Mulligan, Helen Rust and Helen Vosoff*
Joy Spalding Rabin, *in memory of Elizabeth Howkins*
Cohasset Garden Club, *in memory of Mrs. Roger Coulter and Mrs. Conover Fitch.*

With such gifts, the library purchases unusually fine books, in which a suitable memorial book plate is placed. We believe such a memorial is among the finest possible, and know that the books will give pleasure to others for years to come.

Chief Librarian

RECREATION DIRECTOR'S ANNUAL REPORT—1976

The annual report of the Director of Recreation offers the opportunity to inform the citizens of Cohasset of progress in the area of recreational programs, facilities, services, and opportunities.

Registrations for the 1976 playground program numbered over 300. The program operated for 8 weeks offering a variety of activities such as arts and crafts, low-organized games, sports, Music Circus performances, field trips, and swimming. An end of the year cookout was held at the Little League field for all participants.

Approximately 175 individuals registered for tennis lessons during the summer months. There will be a recommendation for increased instructors for the summer of 1977.

Four (4) Tuesday evening band concerts were held during the summer, all of which were well attended. Concerts will again be planned for next year.

On November 9, 1976, the Recreation Commission appointed Cohasset's first full-time Director of Recreation in the person of John M. Worley. With the advent of a full-time director, Cohasset's recreation programs and services will expand and become year 'round. The Recreation Department hopes to offer recreation for all citizens. We would appreciate as much feed-back from as many residents as possible in order that we may remain in close contact with the needs of our community on a dynamic basis.

This year the street hockey program, co-ordinated by Mr. John Langmaid, was conducted under the auspices of the Recreation Commission, over 180 youngsters registered for the 14 week winter program.

Ski lessons for youth and adults will be offered for the 1976-1977 winter with lessons held at Blue Hills, Milton, Mass.

The Recreation Commission and Director would like to extend warm thanks to the Board of Selectmen, School Department, and the many other departments, committees, and individuals who have helped make a smooth transition from part-time to full-time. Specifically, we would like to thank Mr. Arthur Clark, Mr. Kenneth Sargent, Mr. William Signorelli, Dr. John Maloney, and Mr. John Raftery for their invaluable assistance.

Respectfully submitted,

John M. Worley, *Director*
Cohasset Recreation Dept.

REPORT OF THE COHASSET CONSERVATION COMMISSION

The Conservation Commission held many hearings during the year on applications under the Wetlands Protection Act, Chapter 131, Section 40. The commission continues to spend the major portion of its time administering the Wetlands Protection Act. A major effort was made during the year to halt the creation of "man-made beaches along the shores of Little Harbor.

The Commission also focused its energy during the year on acquiring the tract of land owned by the American Legion on Forest Avenue. It is hoped that this land can be acquired in the near future and that reimbursement of one-half the cost thereof can be obtained from the Commonwealth through the "self-help" program.

ANNUAL REPORT OF PLANNING BOARD

During the past year, the work of the Planning Board has been in three general areas: routing administration of existing regulations; reviewing and revising the zoning by-law; and future planning.

The Board has spent many hours reviewing and drafting revisions to the zoning by-law in order to clarify it and bring it into conformity with the State Zoning Act as amended. The Board plans to present a new by-law for town meeting action which hopefully will be more useful for citizens and town boards.

To help citizens use the present by-law, as well as to evaluate new proposals, the Board has compiled a zoning packet including zoning and flood plain maps, the 1969 by-law and all amendments.

The Board has adopted and printed Site Plan Review Rules and Regulations.

Routine work of the Planning Board includes evaluating subdivisions where a new roadway is created, site plans, and divisions of land parcels. The Board attends Board of Appeals hearings and submits pertinent recommendations.

In the area of future planning, the Board is working as part of a Town committee on plans to improve traffic circulation, parking and beautification in the village. Because of the great impact that future sewer facilities will have upon the town's future, the Board plans to be fully involved in the study of these facilities. We have met with the Board of Health to discuss percolation test procedures which are critical factors influencing the town's future development. The above activities stem from the recommendations of the Coastal Zone Study completed last year. Other aspects of future planning that have commanded the Board's attention include the Cohasset Growth Policy Committee's report and future development along Route 3A.

Three new members joined the Board late in the spring. Wayne Sawchuk was elected, and Elizabeth Holt and Glenn Pratt were appointed to fill vacancies. Near perfect attendance characterizes the weekly meeting of the Board, as well as numerous on-site inspections and Saturday sessions. The Board welcomes citizens at all its meetings.

One of the most valuable activities of the Board has been meeting with other town boards and committees to discuss subjects of mutual concern. The Board hopes such dialogue will increase in the coming year.

The Cohasset Planning Board wishes to salute Nathan W. Bates for his long and dedicated service to the town as a member of this Board since its creation in 1938 until his retirement in 1976. We wish to thank all other town agencies for their cooperation with the general planning of the town and routine activities.

REPORT OF THE BY-LAW STUDY COMMITTEE

The By-Law Study Committee of the Town of Cohasset reports with regret the resignation of John A. Golden, Jr., who served as its Chairman until January, 1976. Cornelia Leary O'Malley has been chosen as his successor. The remaining four members of the Committee appointed by the Selectmen in 1974 meet at least one evening a week in the Town Hall.

The Committee is in the process of reorganizing the existing municipal By-Laws and incorporating relevant actions of the General Court and the Town Meeting since the last revision of the By-Laws in 1960. Because of the interdependence of the various articles and sections of the proposed reorganized and revised By-Laws, the Committee feels that it would be more practical to present a complete revision of the By-Laws, section by section, for consideration at a future Town Meeting, rather than to present individual sections from time to time. Before the final draft is submitted for action by the Town Meeting, the Committee plans to send each section to the appropriate officer or department chairman for review and recommendations and to hold a public hearing.

The Committee wishes to take this opportunity to express its appreciation for cooperation received from the Town Moderator, The Board of Selectmen, and other municipal officers and department chairmen who have provided the Committee with valuable information.

REPORT OF THE BOARD OF TREE & PARK COMMISSSIONERS — 1976

This year the Tree & Park Department has acquired a tree-climber through which the Town will benefit in the care of our trees. The tree planting program has gone as expected and will continue throughout the Town.

We're in the process of building a practice field at Milliken Field. Fencing has been installed. Re-seeding has been done on areas of the Town Common.

A special thanks to the men of the Department, and other departments, who have assisted us. Many thanks!

Respectfully submitted,

Peter G. Laugelle
Tree & Park Superintendent

REPORT OF THE HISTORIC COMMISSION

The inventory of the towns physical historic assets has nearly been completed at the district level. The information is now being reviewed and correlated to be submitted to the Massachusetts Historic Commission. We hope to have this lengthy project completed this year. The state Historic Commission has been using our inventory procedure as an example for other communities to follow.

The historic records of the town are being brought together, reviewed and cross indexed from the various storage places in the town hall. Until this time, there has not been any indexing of town records and this will be a valuable project in preserving the history of the town. We are fortunate to have a CETA employee, Joe Hamilton, to do the work for us.

We are negotiating the possibility of the South Shore Vocational School rebuilding the town clock. The works need a major overhauling, there is one broken gear and a badly worn gear in the time train. If the clock is rebuilt now it will insure the town of having it keep time for at least another hundred years.

Our meetings are open to the public and we welcome volunteers who would like to help in preserving the historic flavor of the past and present in Cohasset.

REPORT OF THE SHELLFISH WARDEN

I submit herewith a report of my stewardship as Shellfish Warden for the year 1976.

We were assisted this past year by Rev. Richard Burton, a marine biologist, associated with Project Dominion of Bridgewater, Mass. with reseeding efforts in Little Harbor.

Extensive cultivation was possible due to $1,000.00 we received from the finance committee toward Project Dominion efforts.

We are anxious to see the results from this effort in the near future.

Respectfully submitted,

SOUTH SHORE MOSQUITO CONTROL PROJECT
REPORT OF OPERATIONS IN 1976

Submitted, herewith, is a report of the South Shore Mosquito Control Project's operations for the period November 1, 1975, to October 31, 1976.

The Project is an organized, year round, regionally operational effort to combat the nuisance and menace of mosquitoes.

The Project comprises the communities of Braintree, Cohasset, Duxbury, Hingham, Hull, Marshfield, Norwell, Quincy, Scituate and Weymouth, an area covering 171 square miles with a population in excess of 250,000.

The Project was established in 1953 under the Massachusetts General Law, Chapter 252 and Chapter 112, and Acts under and according to the provision to these and other laws pertaining to mosquito control.

The Project's operation can be classified under three categories:

1. Water Management
2. Larvaciding
3. Adulticiding

Water Management is where stagnant and brackish water, the need of all mosquitoes, is caused to circulate and flush off, preventing the development of mosquito larvae. During the past year 2048 man hours was spent on this operation, opening 62,760 feet of marsh reclamation ditches. 27,975 feet of new ditches was installed. 19,775 feet of obstruction was cleared from brooks and streams and 88,400 feet of brush was cut and cleared for purpose of access.

Larvaciding is when stagnant or brackish water is found to have mosquito larvae present and must then be sprayed. Helicopter and Fixed Wing aircraft started off the larvaciding operation in the Spring by treating 9840 acres of woodland swamps. This operation is preceded by checking sites for a mosquito larvae count and then post sprayed checked for results.

During the main part of the season, crews circulate throughout the Project checking breeding sites. 1571 man hours was spent larval checking and 529 man hours was spent in actual larvaciding with ground equipment, treating 1062 acres. 384 man hours was spent larval treating 13,062 storm catch basins.

Adulticiding is when it becomes necessary, due to a noted or reported large number of mosquitoes, to lay down a space or residue spray in the infested area with a vehicle mounted mist sprayer or back pack mist sprayer. 2244 man hours was spent on this operation treating 9140 acres.

The Project received 1239 request calls for service. All calls were answered and treated in one manner or another.

The Project is also engaged in two other programs in five of its towns, the control of the biting Greenhead Fly and the brackish water Midge. 6040 acres was aerial treated in three towns for Greenhead Fly Control and 175 acres was aerial treated for Midge Control.

During the past year the Project used three types of insecticides: Abate—in a sand granular application at a rate maximum of 0.2 of a pound per acre, Baytex—formulated

in water or oil at a rate maximum of .046 of a pound per acre for larval control and a rate maximum of .062 of a pound for adult control, and Malathion—formulated in water at a rate maximum of 0.2 of a pound to the acre for adult control. All insecticides used by the Project are registered for use in mosquito control operations and the recommended maximum dosage never exceeded. All Project personnel have been duly licensed by the Massachusetts Pesticide Board qualifying them to handle and disburse insecticides safely.

The Project wishes to extend its appreciation for the time and service rendered by the Board of Commissioners and acknowledges all assistance given by state and municipal officials; also the courtesies extended it by the many individuals they encountered in the past year.

Respectfully submitted,

Simon J. Veneau,
Superintendent
South Shore Mosquito Control Project

REPORT OF THE COHASSET WIRE DEPARTMENT

To the Honorable Board of Selectmen:

I herewith submit the annual report of the Wire Department for the year 1976.

Fire and Traffic Signals:

Fire alarm wire was replaced on Forest Avenue and a portion of Jerusalem Road, Sohier Street, and parts of Cushing Highway. In all, over three miles of new wire was installed. New boxes were installed on Cushing Highway (2), and at Ripley Road. Two boxes were replaced on Atlantic Avenue. Due to saltwater corrosion, all the Hillside Streets were trimmed out by the Tree Department, where work will begin this spring on replacement of wire. All boxes were painted and tested. Traffic lights were put in good working condition. A new traffic light was installed at North Main Street and Forest Avenue, and also a new flashing light on Forest Avenue. These lights were installed through the efforts of Mr. Frank Colleton, Director, Governor's Highway Safety Bureau and a Cohasset resident, at no cost to the Town.

Wire Inspection:

All work done by electrical contractor was inspected by the Department, and permit fees turned into the Town Treasurer.

Town Buildings:

All electrical work and repairs was done by the Wire Department in buildings owned by the Town. I might add, that all electrical work in the schools is done by the Department with a great saving to the Town.

In conculsion I wish to thank the Board of Selectmen, again this year the men of the Tree and Park Department who worked long hours with us trimming out fire lines, and a special thanks to the men who work with me.

Respectfully submitted,

Stephen F. Wigmore
Superintendent of Wire Department

SCHOOL COMMITTEE'S ANNUAL REPORT—1976

Leadership, teamwork and cooperation, equals advancements for the youth of our community. At all times the Committee was aware of the educational needs of the Cohasset Public Schools as well as the concerns of the parents and citizens for a good educational system, efficiently administered.

The repair work has been done on the Sullivan gym floor. Besides the regular holiday maintenance carried on during the vacation, three classrooms at the High School were painted; tile work was done at the Osgood School; new lighting fixtures were installed in the lavatories at the High School — extensive maintenance programs in all three schools continues.

The Facilities Committee was asked to make a survey of the needs of the athletic fields for the entire school system for the next five years.

The Chairman of the English Department, grades 7-12, reported to the Committee on the goals and philosophy in the four major areas of language arts—composition, oral, language study and literature.

In March Mr. Kilburn E. Culley, Jr. was employed as Director of Curriculum and Instruction for the Cohasset Public Schools through June 30, 1977.

The Superintendent's grade reorganization plan for the Joseph Osgood and Deer Hill Schools was approved.

A public meeting was held in the auditorium of the High School to review and report on the testing program in the Cohasset Public Schools.

The guidelines for School Visitations, Article 10, Policy 10750 was approved.

The 1976-1977 Program of Studies was revised.

The Committee accepted the proposal of the Cohasset Rotary Club for a foreign student to attend Cohasset High School.

The Instructional Program, Marking and Reporting, Policy 9510 was approved.

Changes were made in the science program for the Junior High School because 20% of the questions on the SRA tests are based on earth science.

On Friday, June 11, 1976, a "Happy Birthday America" picnic was held on the school grounds. This event was also observed in schools throughout the state.

The Title I application for the 1976-1977 school year in the amount of $16,600. was approved. This program is similar to the one offered the previous summer and will employ 3 3/5 teachers to service approximately sixty students. At the Joseph Osgood School, the elementary summer school program in reading and math for educationally needy youngsters was funded.

New report cards were presented and accepted for the Joseph Osgood and Deer Hill Schools.

Approval was given for the METCO Program for the 1976-1977 school year.

The bid to remodel the weight room was voted.

The Director of Athletics terminated his work as director after serving 20 years in this capacity.

The amount of $35,443.82 was returned to the town. This represents unexpended funds for the year 1975-1976.

Dr. Maloney proposed to change the length of the school day. This was voted by Committee.

A new demerit system was accepted by the Committee.

Ten release day programs were approved for the 1976-1977 school Year.

A moment of silent prayer was observed during a School Committee meeting for Natalie Hinchliffe who passed away. Mrs. Hinchliffe was an excellent reporter who faithfully covered School Committee meetings for the Patriot Ledger. She was also a remarkable woman who will be sorely missed in the community.

There were three retirements from the school system during the year: Mrs. Mary Mullen served the Cohasset School System from 1958 until June, 1976. Mrs. Dorothy Hall, a teacher at the Osgood School started teaching in September, 1957 until 1976. James Stover, a custodian at the Deer Hill School was with the school system since 1968.

The Committee expresses its sincere appreciation to all agencies, officers and boards of he town who have assisted us during 1976.

Respectfully submitted,

Doris Golden, *Chairman*

Committee members:
Mrs. Josephine Mahoney, *Vice Chairman*
Mrs. Anne Baird, *Secretary*
Mr. Richard Silvia
Mr. Frank England
Mr. Thomas Wallace

SUPERINTENDENT'S ANNUAL REPORT—1976

It is with pleasure that I submit to you my Second Annual Report as Superintendent of Schools in Cohasset.

The School Department is appreciative of the fact that the greater part of its funding comes from the local property taxpayer. We are making a concerted effort to be cost effective and are seeking economical ways to produce educational excellence with a minimum increase in expenditures of tax dollars. Like the home owner, we are experiencing inflationary increases in all phases of our school operation, ranging from food for our school lunches to tires for our buses and chemicals for our laboratories. We cannot buy the same item at last year's prices, and even though we purchase less, we must be careful not to economize to the point where we jeopardize the maintenance of on-going and successful educational programs. I am sure that the maintenance of this delicate financial-educational balance will continue to challenge the superintendent's creative budgetary expertise in the years to come.

In my message to you last year, I reported we planned to spend a considerable amount of time working in the area of program and curriculum improvement. This we have done. The reinstitution of mid-year and final examinations at the Junior/Senior High School, together with an increase in the length of the school day ranging from 10 minutes at Deer Hill to 38 minutes at the Junior/Senior High School will prove to be of educational merit.

As a result of our own assessment, we have begun working to provide K-12 consistency in the areas of subject matter, philosophy, and reporting. A systematic design for curriculum format was introduced throughout the school system, and efforts to revise the curriculum in accordance with the design are continuing. Our effort to re-organize and coordinate has included a revision of the school system's philosophy, report cards, and teacher evaluations; first attempts to develop new operational policy statements have begun. Additionally, we have undertaken responsibility for planning in-service training programs and workshops for teachers and for conducting research studies and evaluations, including reviews of our handwriting efforts, attendance requirements, standardized test results, and release day programs.

Academically, we have begun to identify more clearly the specific objectives for each of our courses of study. A system-wide effort is being made to emphasize reading and writing skills, as well as to improve spelling. We have also established a reading laboratory in the Junior High School, primarily for poor readers in grade 7.

Our efforts have not stopped with these improvements, and special attention was directed at improving social studies in grades 5 and 6. Furthermore, we added earth science in grade 7 and increased offerings in accounting, business arithmetic, typing, and general business in grades 9-12. We even improved our physical education-athletic program through the acquisition of a fifteen station weight training machine and 42′ x 42′ free exercise floor mat.

For the future, we plan to continue our work to develop a consistent K-12 curriculum design, and attention will be focused on ways to improve our instructional techniques by studying the differences in learning styles that our students exhibit. In this way we will be able to create a much stronger instructional program for our children.

In an attempt to keep the community informed of happenings within our school

system, we have implemented a series of coffee hours to discuss curriculum; back-to-school nights, which focus on classroom organization; parent conferences discussing student achievement; and newsletter and menu messages to keep parents apprised of current events; and, lastly, an open-door policy to facilitate more direct communication. The response to these programs has been positive, and, consequently, we shall have as one of our goals the continuation of these positive communication efforts.

The astronomical rise of college costs in the past decade is of alarming concern to me. Today, the cost of room, board, and tuition is in the $6500-$7500 range per year. This rapid rise in costs is expected to continue at an approximate 10% increase for the next several years. Thus, the $10,000 per year room, board, and tuition cost will result in an expenditure of $40,000 for a college education in the immediate future. We are now witnessing academically and intellectually talented students from Cohasset restructuring their college choices and, in some cases, discontinuing their educational programs because family financial resources and other funds are insufficient to sustain their enrollment.

The School Department would like to be able to offer financial scholarship assistance to any deserving resident youngster. As Superintendent of Schools, I am making a plea for the establishment of a substantial community scholarship fund, which will be 30 or 40 times larger than the combined amounts given by all of our town organizations. I would hope that the community scholarship fund could either incorporate or be in addition to already established scholarships. I envision a fund to which donations could be made anonymously, in memory of a deceased loved one, or through a last will and testament. The organizational and operational arrangements can easily be designed by local banking and legal interests. If there is any community response to this concept, I will volunteer to be the first to serve on any committee to bring this idea to fruition.

I am conscious of my good fortune in being associated with education in Cohasset. What has impressed me most is the open support of townspeople for a quality program of instruction. The cooperation of the parents reflects an attitude which sets a climate wherein the staff can function productively, and for this I am thankful.

I wish to express my personal appreciation to the school committee, community, staff, communication councils, and municipal employees for your continued and encouraging support. You have made this past year a most enjoyable one for me. Lastly, as a parent, taxpayer, and school official, I feel that we can point with pride to the Cohasset School System. There is still much to be done to make our school system what you, the community, want for your children. With your continued help and support, our aims and goals can be realized.

Respectfully submitted,

John F. Maloney, Ed.D.

SOUTH SHORE REGIONAL SCHOOL DISTRICT
TREASURER'S REPORT
Fiscal Year July 1, 1975 to June 30, 1976

In accordance with Section XII of the South Shore Regional School District Agreement effective January 6, 1960, I submit herewith details of the fiscal year July 1, 1975 thru June 30, 1976 financial transactions of the School District.

Details are presented with respect to the July 1, 1975 to June 30, 1976 estimated expenditures and their apportionment to member towns, actual receipts and expenditures, and a balance sheet and statement of outstanding debt as of June 30, 1976.

Total operating expenditures for the fiscal year were $1,057,020.43 and capital outlay expenditures were $62,359.02 details of which are shown in the expenditure schedule.

Various additional expenditures under self-explanatory titles were made as per details set forth in the expenditure schedule.

Under date of August 7, 1975 a new collective bargaining agreement was effected with our teachers which provided a basic increase in salaries of 8% for the year 1975-1976 plus an additional 6% basic increase for the year 1976-1977.

Administrative and all other non-teaching personnel salaries were increased July 1, 1975 an average of 11%. Total of all salaries paid equals approximately 73% of operating costs.

During the year under the provisions of Chapter 492, Acts of 1974, and Chapter 436, Acts of 1975, Regional School aide in the amount of an additional 15% of Chapter 70 school aid to local cities and towns was cancelled and a new formula was implemented which provided that Regional School aid be paid by the state direct to regional school districts. Local operating cost assessments to our member towns for the year 1975-1976 were reduced by a total amount of $160,837.00 and in place thereof the School District received an amount of $154,081.84 which resulted in a deficit of $6,755.16 as shown below in the Surplus Revenue reconciliation statement. The above mentioned legislation further requires that the entire amount of Regional School aid received by a School District shall be used to reduce local assessments of member towns for school district operating costs.

Surplus Revenue was determined to be $593,596.86 as of June 30, 1976 and was derived from the following sources:

Balance July 1, 1975			$537,528.72
Additions:			
Excess of District Receipts over estimates used			
Investment Income		$ 39,289.18	
Shop Sales		29,598.82	
State Grants			
Operating Cost Reimbursement		84,978.00	
Special Needs Reimbursement		6,521.25	
Transportation Reimbursement		20,204.10	
Miscellaneous Income		9,918.34	
Unexpended Appropriations			
1975-76 Operating Costs		74,404.57	
Tailings–Unclaimed Amounts		9.04	264,923.30
			$802,452.02
Deductions:			
1975 Surplus Revenue used to reduce 1975-76 Operating Costs		200,000.00	
Transfer to School Lunch Revolving Fund		2,100.00	
Regional School Aid Deficit			
Reduction to Local Towns	$160,837.00		
State Reimbursement	154,081.84	6,755.16	208,855.16
Balance June 30, 1976			$593,596.86

A $225,000.00 portion of the 1975-1976 Surplus Revenue has been voted by the District Committee to be used to reduce the July 1, 1976 to June 30, 1977 fiscal year operating cost assessment to member towns, resulting in a remaining balance of $368,596.86.

Respectfully submitted,

John A. Ashton, *Treasurer*

REPORT OF THE BOARD OF WATER COMMISSIONERS FOR THE YEAR 1976

The year 1976 has, at long last, seen the commencement of construction of the water supply augumentation project. The project has been awarded in three separate contracts. Contracts No. 1 and No. 2, the treatment plant at Lilly Pond and the control structure on Bound Brook at Beechwood Street began on July 19, 1976. Contract No. 3, the Dam & Reservoir, located at upper Beechwood Street, mainly in Wampatuck State Park, began on December 2nd, 1976. As of this report the control structure has been completed and work on the other contracts is moving ahead on schedule with target completion date early 1978.

Your Commissioners look forward to this date with interest and enthusiasm. Our community will, at last, have an adequate supply of good quality water for all uses. We realize this is not the end of all problems. We must now embark on a long range program of updating and expanding the distribution system.

The past Summer proved to be one of the driest on record, causing a total watering ban to be imposed early in the season. In spite of the curtailment we were forced to buy water from our neighboring town of Scituate, to meet our demands. It is anticipated that a restriction in water usage will be imposed during the Summer and possibly Fall of 1977.

Progress continues nevertheless. 13 new accounts were activated, five hundred feet of 6" main and one hydrant were added to the system by a private contractor. 10 million additional gallons over the last year were distributed.

The Board would like to express its regrets on the resignation of the former Chairman, Alan S. Murphy, Jr., who for nearly nine years worked untirelessly for the community and especially in guiding the new facility project to its ultimate construction. His efforts will be missed. We extend to him our best wishes for success in his new position as a member of the State Water Resources Commission. John W. Hobbs has been appointed to fill the vacancy. We feel his services will be an asset to the Board.

The Board would also like to thank all Town Officials, Department Heads, Committees and Boards for their cooperation and support, and to our Superintendent and Department Personnel for their continued loyal support.

Respectfully submitted,

Edwin H. Pratt, *Superintendent*
For the
Board of Water Commissioners
David B. Buckley, *Chairman*
